

Rightists Take Big Lead In Italian Election

Labor Delegates Protest Planned Changes In Act

Canadian Congress of Labor union leaders in B.C. today told Labor Minister Gordon S. Wismer that if he wished to promote conditions which will lead to industrial harmony and employer-union co-operation he should eliminate six proposed amendments to the Industrial Conciliation and Arbitration Act now before the Legislature.

The protests of nine-man delegation, were led off against the proposal that the Labor Relations Board be empowered to compel struck work or locked out employees to vote on any offer of settlement which the employer cares to suggest.

"This provision, if enacted, will take away from the officers of all unions, including legally-recognized bargaining agents, their right to conduct the affairs of the union at the most crucial stage of its existence," said a brief presented to Mr. Wismer.

The delegation noted that no corresponding provision was planned for employers.

The delegation also protested proposed provision to empower the labor board to change wages during negotiations, claiming: "Such change might well result in the union being deprived of the fruits of a successful arbitration or successful negotiations for a new agreement. This, in turn, could well lead to the smashing of the union."

CANCELLATION POWERS

The granting of power to the board to cancel the bargaining authority for employees having gone on strike illegally was a very serious provision which could not be countenanced.

"Unless similar power was given to the board to seize, without compensation, all the assets of a company which provokes its employees into an illegal strike, or which carries out an illegal lockout, there could be no possible justification for such a clause as this," said the brief.

"We are alarmed by the fact that the government, in this section, so clearly seeks to legislate against unions while doing nothing to curb the anti-labor activities of employers."

"In other words, the cards are already heavily stacked against any union whose members strike illegally. To add a still more stringent provision . . . is to heap injury upon damage."

LEGAL ENTITIES

The brief said that it was indicated in amending the bill that the government intends to maintain and strengthen one of the worst features of Bill 39, namely that of the creation of unions as legal entities.

"Unions will, henceforth, be at the mercy of the employers who wish to sue them for damages," the brief said.

Provision to allow the board to cancel a union's certification as soon as the union ceases to represent a majority of the employees was described as a vicious principle in the brief.

A new definition of labor organization in the amending bill gives to employees' associations full rights along with trade unions, even though only one of the purposes of such associations is the regulation of employer-employee relations.

FOR BARGAINING

"They submit that this definition should be amended so that no such employees' associations will be recognized under the act unless its primary purpose is that of collective bargaining," said the brief.

"The brief was submitted by the following: A. McAuslane, vice-president, Canadian Congress of Labor; W. Mahoney, western director, Canadian Congress of Labor; Harold Pritchett, secretary, B.C. Federation of Labor; A. McKenzie, vice-president, B.C. Federation of Labor; E. Deiskog, president, District 1, Internationals of America; P. Baskin, international representative of the United Steelworkers of America; W. Symington, international representative, International Packinghouse Workers of America; M. MacLeod, secretary, Marine Workers and "Boiler-makers" Industrial Union, Local No. 1, and K. Smith, secretary, B.C. district union, International Union of Mine, Mill and Smelter Workers.

U.N. Guards For Jerusalem Holy Places Advocated

NEW YORK (CP) — France was reported today to propose immediate creation of an emergency security force to safeguard the holy places of Jerusalem.

This disclosure came as the second extraordinary session of the United Nations' Assembly convened for its opening round of debate on the Palestine crisis.

A French spokesman said France would propose that the U.N. set up a non-Palestinian police force for Jerusalem along the general lines already suggested by the five-member U.N. Palestine partition commission.

The Assembly, meeting for only 27 minutes today, began by admitting the Union of Burma as the 58th member of the United Nations. The vote was 55 to 0.

COMMITTEE HAS WORK

It then decided to disperse with the usual round of general debate because of the urgency of the Palestine situation. The Palestine problem was referred immediately to the 58-member political committee, which will begin work tomorrow at Lake Success.

A report that Canada would present a trusteeship plan for Palestine embodying the main points of a suggestion by the United States was understood to be without foundation. Canada last fall supported partition.

The American trusteeship suggestion, advanced last month when the United States withdrew its support of partition, now is in the form of a "working paper" and is being circulated among delegations here.

Soldier Stopped Train; 24 Killed

WINSFORD, Cheshire (CP) — Police said today a soldier in a hurry to get home had admitted he pulled a train emergency cord, causing a wreck fatal to 24 persons.

The soldier said he stopped the train Saturday because he wanted to get off at Winsford, an unscheduled stop. Seven coaches on his train were crushed when a speeding mail train struck it from behind.

The soldier's identity will be kept secret until he has given evidence either at the inquest, which opened here today, or the official inquiry into the disaster. No charge will be laid against him until the inquiry is over.

After formal evidence to identify the victims, the inquest was adjourned until May 5.

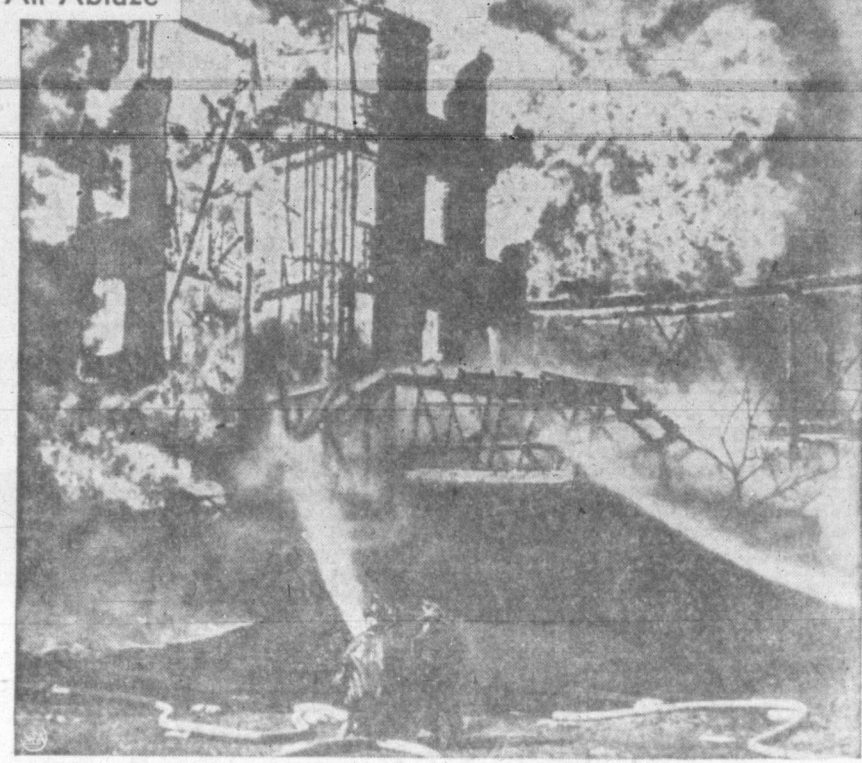

Jews Fight Off Attack By Arabs With Armored Cars

JERUSALEM (AP) — Jews still held Neve Yaakov today and told of fighting off an attack spearheaded by Arab Legion armored cars, a dispatch from that Jewish settlement said.

Neve Yaakov, five miles north of Jerusalem, commands a high-way into an Arab-held triangle of Palestine and on to the northern port of Haifa.

British and Arab reports Sunday night said soldiers of the Trans-Jordanian Arab Legion had seized the settlement, but a reporter today found the place still in the hands of the Jewish militia Hagana.

All Ablaze

A grass fire that got out of control set this Rockford, Ill., factory building and others in a six-block area ablaze. Firemen from Rockford and four other cities finally got the fires under control after a three-hour battle.—NEA Telephoto.

Lewis Guilty Of Contempt; Sentence Comes Tuesday; Faces Possible Jail

WASHINGTON (AP) — Justice T. Alan Goldsborough today held John L. Lewis guilty of criminal contempt for not sending the striking coal miners back to the pits when ordered by the court.

The judge announced he would pronounce sentence tomorrow.

He is the same judge who fined Lewis \$10,000 and the United Mine Workers (U.M.W.) \$3,500,000 for disregarding a court stop-strike order in 1946.

Judge Goldsborough, before adjourning court, hinted that he is at least considering a jail term for Lewis this time. He said he did not think, because of the seriousness of the case, that it could be decided on the basis of "expediency."

REASON FOR DECISION

When he fined Lewis in December, 1946, in the other case, the judge said he had to consider the "expediency" involved and was giving a fine instead of a jail sentence.

So his talk of not regarding "expediency" this time suggested strongly that Judge Goldsborough is thinking of a jail term for the miners' chief.

The judge asked the government to bring in recommendations for punishment at 10 a.m. Tuesday.

"The court," the judge said, "thinks there is no difficulty in deciding the evidence beyond all doubt is sufficient to show the

defendants are guilty of criminal contempt."

Later, he said that "of course the defendants also are guilty of civil contempt on a technicality," but added: "The court doesn't emphasize the civil contempt."

This indicated the judge might impose a lighter fine on the union this time.

Judge Goldsborough said that what the court will do in the way of punishment "is being watched by every lawless element in the world—also by all decent people—to ascertain whether or not the courts have the power to protect the citizens of this country in their normal way of life."

Government officials are watching it also to see what effect it may have on coal mining. Only about two-thirds of the miners have yet gone back to work. Many have said they were waiting the outcome of Lewis' contempt trial.

Lewis sat with a half sneer on his lips as Judge Goldsborough talked extemporaneously about his ruling.

When court adjourned, Lewis waved aside reporters. He walked silently out with his lawyers.

After the judge's decision, Lewis' counsel made the usual routine motion to set aside the verdict. Judge Goldsborough denied it. Presumably, the union will carry the case to the Supreme court, as it did the 1946 one.

Judge Goldsborough in his ruling today decided the 29-day mine shutdown was a strike called by Lewis. He said the terms "dis-honored" and "honored" were words used by Lewis as a code to start and end the walkout.

He said a strike can be called without using the word "strike."

"If a nod or any wink or a code was used in place of a word 'strike,' it was just as much of a strike as though the word strike had been used."

The courtroom, holding about 200 persons, was jammed. No standing room was permitted and long lines formed outside the doors.

The British court of inquiry into the accident had reported the accident was caused by the action of the Soviet Yak fighter. The findings of the court were unanimous.

When a member urged jet fighters should unhesitatingly be used if there was any further interference with British aircraft, Bevin, speaking in the House of Commons, commented: "I am going to assume the Soviet is going to be sensible and therefore I will not indulge in any threats of any kind."

Bevin said he was satisfied no blame could be attached to the pilot of the Viking.

A copy of the court of inquiry's report was being sent to the commanders-in-chief of the Russian, United States and French forces in Berlin.

The findings of the court, published today, declared the collision was caused by the action of the fighter aircraft, which was flying in disregard of the accepted rules of flying and in particular of the four-power flying rules to which the Soviet republic is a party.

All 14 in the airliner and the Soviet pilot were killed.

359 Miners Trapped

LILLE, France (AP) — Several hundred miners—359 by first reports—were trapped below the surface today when a dust explosion shut off the pit entrance at Sallau Mines, in the northern French Courriere minefield.

Mayor Fined

EDMONTON (CP) — Mayor Harry Ainlay paid a \$1 fine today for parking on a spot reserved for trolley buses to stop and commented: "I like to see a policeman on his toes." He said he "didn't even notice the bus stop sign."

Interest Rate Cut

OTTAWA (CP) — Labor Minister Mitchell this afternoon announced a reduction from 4 to 3 per cent in the interest rate the government allows on money paid by Canadians for purchase of annuities. (He tabled in the Commons two orders-in-council to put the change into effect.

Urge Press Curb

GENEVA (AP) — Russian delegates at the United Nations conference on Freedom of Information have proposed legal measures to curb the "anti-democratic press." Previous decisions of the conference indicated the Russian proposal would be rejected by a large majority.

Death Investigated

VANCOUVER (CP) — Police are investigating the death of 26-year-old Mrs. Ann Neufeld, found dead Sunday in a downtown hotel. They say she may have been a poison victim. The body was found in bed. It was clad in pajamas and covered by bed clothes.

Communists Drop Back Even In 'Red North'; Voting Heavy; No Riots

Britain To Ask Compensation For Air Crash

LONDON (Reuter) — Britain is to claim compensation for the loss of the British Viking airliner with 14 lives after a collision with a Soviet Yak fighter over Berlin April 5.

Foreign Secretary Bevin announced this today after the British court of inquiry into the accident had reported the accident was caused by the action of the Soviet Yak fighter. The findings of the court were unanimous.

When a member urged jet fighters should unhesitatingly be used if there was any further interference with British aircraft, Bevin, speaking in the House of Commons, commented: "I am going to assume the Soviet is going to be sensible and therefore I will not indulge in any threats of any kind."

Bevin said he was satisfied no blame could be attached to the pilot of the Viking.

A copy of the court of inquiry's report was being sent to the commanders-in-chief of the Russian, United States and French forces in Berlin.

The findings of the court, published today, declared the collision was caused by the action of the fighter aircraft, which was flying in disregard of the accepted rules of flying and in particular of the four-power flying rules to which the Soviet republic is a party.

All 14 in the airliner and the Soviet pilot were killed.

The British court of inquiry was set up by order of Gen. Brian Robertson, Military Governor and commander-in-chief of the British zone.

The malicious prosecution suit arose when the Society charged Mr. Pickles with neglect of sheep. The case was heard in Saanich Police Court and dismissed.

Mr. Pickles in his suit, heard by a Supreme Court jury, charged that S.P.C.A. had accused him for malicious reasons. He sought damages against the society.

Mr. Pickles appealed against the judgment on grounds that the trial judge had misdirected the jury. He also contended that there had been wrongful admission of evidence and that a verdict had been rendered against the weight of evidence.

ROME (AP) — Early returns in Italy's momentous elections gave anti-Communists a long lead today for the new Senate and threatened leftist domination of the so-called "Red North."

Premier Alcide de Gasperi's Christian Democrats were ahead of the Communist-dominated Popular Front even in Turin, Venice and Florence, all under Communist municipal administrations. The Vatican-backed Christian Democrats also led in Milan, in the heart of the industrial north.

In Bologna, capital of a region often called the "Italian Kremlin," the Christian Democrats led the Popular Front 17,000 to 14,000.

Leaders were cautious about basing predictions on the Senate returns, involving 237 elective seats, because they felt the vote for the Chamber of Deputies would be the real barometer of the nation's feeling on Communism.

Milan, in the heart of the strongly leftist north, was giving the Catholic Premier's Party a comfortable lead over the Popular Front. Unofficial returns from 85 Milan voting sections gave the Christian Democrats 31,108, the Popular Front 21,246 and the rightist National Bloc 206.

The voting was extremely heavy—estimated at 90 per cent of those eligible—and this was regarded as good news for the anti-Communists.

In Rome, two voting precincts had "not been disturbed by any incidents" anywhere in Italy during the period of the voting. He termed minor such incidents and irregularities as were reported to that hour.

The heavy Sunday vote belied fears of some supporters of the Vatican-backed Christian Democratic Party that the rain might keep their followers home while Communists, under orders, flocked to the polls.

The average of percentages turned in actually was 79.7 per cent. However, since the heaviest vote was being reported in the most populated parts of the country, statisticians believed it actually stood well above 80 per cent.

Observers predicted the final percentage would go well past 80 per cent.

Scelba, the Interior Minister, said that reports up to noon today indicated the public order

Expert To Check Vancouver's Forecasts On 'Our Weather'

Weather forecasts for Victoria, which are made in Vancouver and usually about 75 per cent wrong, are to be the subject of an inquiry.

W. Gordon Clarke, who is a noted authority on weather forecasting and makes his headquarters with the Dominion Meteorological Service in Toronto, will arrive here Tuesday, April 27, and spend two weeks looking into the matter.

R. W. Mayhew, M.P., made the announcement in Ottawa today of Mr. Clarke's appointment.

Ever since the job of weather forecasting was moved from Gonzales Observatory, Victoria, to Vancouver, there has been a continuous stream of protests over the work. There has been little difference in a forecast for Victoria than for Vancouver, but the weather here has seldom lived up to the forecasts. Victoria's sunshine seems unable to get past the fog and rain barrier which usually forms over Active Pass and envelopes Vancouver most of the winter.

There appears little chance of the weather forecasting staff being returned to Victoria but it is possible that a sub-station may be set up here. In this way justice could be done to Victoria's weather and yachtsmen, fishermen and the public generally would be able to get a fairly accurate forecast of what's in store for them.

The forecasts from Vancouver have caused Victorians many times to hesitate in making arrangements for outings on Wednesday afternoons, week-ends and holidays. Then, instead of having "Vancouver weather" as the forecasts predicted, the sun has shone and the people have suffered disappointment.

'An Atomic Weapon' Tested At Eniwetok U.S. Announces

WASHINGTON (AP) — A test of "an atomic weapon" has been held at the proving grounds on Eniwetok Atoll in the Marshall Islands, the United States Atomic Energy Commission announced today.

This is the first such test announced since those held at Bikini, also in the Pacific, in 1946.

The commission said that for security reasons the date the test was held is not being announced.

"A classified report of the test results is being made to the joint committee on atomic energy of the Congress," the announcement said, adding:

"The test was conducted under full security restrictions of the Atomic Energy Act of 1946, and pursuant to the provisions of the act, the public issuance of further information concerning the test is not permissible at present."

The commission's announcement said only that the test was of "an atomic weapon."

It did not say whether it was an atomic bomb, or some new kind of atomic weapon, if such exists.

If it were a bomb, it would be the sixth exploded in the world, so far as publicly announced.

New Freight Boost For U.S. Railways

WASHINGTON (AP)—The Interstate Commerce Commission today granted railroads in the United States a further temporary freight rate increase estimated to cost the public about \$300,000,000 a year.

Commission officials figured the raise will average about 4 per cent above present rates.

(Canadian railroads have just

been granted a 21 per cent increase.)

The I.C.C. last October, acting on the railroads' plan for a 30 per cent advance in freight rates, authorized a temporary 10 per cent increase to meet higher operating costs.

Still another 10 per cent temporary increase was granted in January. The additional raise announced today will be effective until the commission passes finally on the plea for permanent upward adjustments.

Weather

Weather today and tomorrow: Weather synopsis and official forecast issued at 9 a.m., April 19, by the Dominion Public Weather Office at Vancouver, valid until Tuesday midnight.

Synopsis—A weak disturbance lies stationary across central B.C. this morning, giving occasional light rain or mixed rain and snow in the northern sections. There is some cloudiness in the southern areas of the province this morning but it will clear off by noon and a fine afternoon is in prospect again today. A storm is developing about 1,000 miles off the coast and is expected to give rain along the entire coast tomorrow with increasing cloudiness throughout the interior.

Vancouver and vicinity Lower Fraser Valley, Georgia Strait—Cloudy this morning, clearing by noon. Increasing cloudiness tonight, becoming overcast by Tuesday morning. Intermittent light rain Tuesday afternoon and evening. Winds light. Continuing mild.

West Coast Vancouver Island—Cloudy today, overcast tonight. Intermittent rain Tuesday. Winds light today and southeast 20.

Tuesday. Little change in temperature.

Press Barred As Tory Party Starts Annual Meeting

OTTAWA (CP)—Annual meeting of the Progressive Conservative Association of Canada opened today with a series of closed executive sessions.

First general meeting of delegates, held this afternoon, was closed to the press.

A public relations staff will issue reports on the discussions. Approximately 1,000 party supporters from all parts of the country are expected to attend the three-day meeting. Party organization is expected to be the main theme of discussions, but the threats of Communism are expected to attract more than passing references.

On their way into the convention hall, the delegates passed under a bold-lettered sign which read: "Halt Communism—Progressive Conservatives will make democracy work."

The initial meetings were limited to members of the general executive of the association, the women's executive and the executive of the Young Progressive Conservatives.

At the general meeting, J. M. Macdonnell, M.P. for Muskoka-Ontario, will read his presidential report. Other reports will be read by R. A. Bell, national director of the association, Miss Hilda Hesson of Winnipeg, national chairman of the women's organization, and E. D. Fulton, M.P. for Kamloops, president of

the Young Progressive Conservatives.

Five committees will be named at the general meeting. They will deal with nominations, policy and resolutions, organization, publicity and the constitution of the association.

Election of officers will be held tomorrow.

Jap Catholics Parade

YOKOSUKA, Japan (AP)—An estimated 5,000 Japanese and allied Roman Catholics paraded through the streets of this navy base in a profession of faith Sunday. It was the first such procession in Japan's history.

Senate Returns To Work In Debate On Oleomargarine

OTTAWA (CP)—The Senate will go back into action tonight after its 26-day Easter recess—and there may be fireworks right off the bat. First item on the order paper is second reading of a contentious measure to life the ban on oleo-margarine.

The bill, a private measure sponsored by Senator W. D. Euler, Lib., Ontario, probably will not be discussed until Tuesday. If so, it may mean both the Senate and Commons will be arguing margarine at the same time. A similar private bill by James Sinclair, Lib., Vancouver North, is scheduled for Commons attention Tuesday night.

WORK IN COMMITTEES

It promises to be a busy week for Senate committees. The transportation committee will dig into the Canada Shipping Act amendments Tuesday. The next day the trade relations committee will continue its study of the Geneva agreement.

Wednesday's program calls for the appearance of Jacques Greber, town planning authority, on the progress of plans to beautify the capital. He will testify before the committee on public buildings.

Token Of United States Friendship Rolls Into Vienna

While Russia was making conciliatory gestures by reducing her reparations demands on Austria, the Austrian people got a concrete object lesson in the ways of true democracy. Into Vienna puffed this flag-bedecked Friendship Train, bearing 1,100 tons of food and clothing sent by Americans of four northwestern states and Alaska.

committees will meet Thursday. And the divorce committee, busiest of them all, will be meeting day after day.

The proposal that Prime Minister King become the first Canadian Governor-General of his own country has died away, but probably will be revived in coming months.

The August convention that will nominate his successor as Liberal leader may become the forum for a resurgence of the suggestion, placed before the Commons some months ago by Bona Arsenaault, Lib., Bonaventure, Que.

Mr. King himself made no statement, either for or against, and his silence indicated he was at least doing nothing to destroy the idea. There were those who thought he was quite content to await public reaction.

Premier Reported Much Improved

OTTAWA (CP)—Prime Minister King, recuperating from a cold at his home at Laurier House, was reported in "much better" condition Saturday.

Mr. King was ordered confined to his home Thursday when a cold he had been nursing for some days became worse. However, he has been continuing his work there.

It was expected he would entertain Prince Charles, Regent of Belgium, and Paul Henri Spaak, Prime Minister of Belgium, at dinner tonight, and that he might be back at his desk in the Commons Monday.

Road Restrictions At Vienna Lifted

VIENNA (AP)—The Russians today lifted all travel restrictions on the road leading from Vienna to the British airport inside the Soviet zone of Austria, British authorities announced.

Although all automobiles still were being stopped at the Russian check point, no "grey cards" or other identification papers of British military or civilian personnel were demanded by Soviet guards.

The Russians Friday night called a halt on all British commercial flights into Vienna, but the British said they would continue flying.

Aged Indian Couple Burned To Death

ORILLIA, Ont. (CP)—Two elderly Indians were burned to death Saturday when fire destroyed their frame house on the Rama Reserve, eight miles east of here. Three other persons escaped in night clothes. Those who perished were identified as Alex Ingersoll, 85, and his wife Clarissa, 79.

Some 400 Indians, aroused by the alarm, were unable to save the couple. A few minutes after the outbreak the building was a mass of flames. The only exit from the building was a door at the rear.

Chrysler Workers Reject Pay Offer

DETROIT (AP)—Union representatives of 75,000 Chrysler Corporation employees Saturday turned down a six-cent-hourly raise and asked for final strike approval.

The wage offer was the industry's first one this year. It was an 11th-hour gesture by the corporation before an "emergency" meeting this afternoon of United Automobile Workers (C.I.O.) delegates from 13 Chrysler plants.

It was from some of these 100 delegates that the size of the offer was learned. Company and union leaders declined to disclose the figures.

The union had asked a straight 30-cent-an-hour increase from Chrysler, plus about five cents an hour, in "fringe" concessions such as pensions, guaranteed work week and the like.

The average wage now is about \$1.50 an hour.

Bay Seal Attains White Collar Class

SAN FRANCISCO (AP)—A sea lion which lives near the San Francisco beach has moved up—uncomfortably—to the white collar class.

He did it simply by sticking his head through a floating toilet seat.

The sea lion is one of the big herd that inhabits Seal Rocks, a few yards off the beach.

Where "Buster"—that's what observers call him—found the bathroom fixture is a mystery. The adornment is of the horse-shoe type, and a gleaming white.

Spectators can't agree on whether he's wearing it by choice, or can't get the thing off.

Other seals at first shunned Buster, then clustered around to nibble enviously at his new collar.

The S.P.C.A., Coast Guard and navy all pondered the problem of what will happen to Buster now, but reached no conclusion.

The major handicap: Buster can't swim so fast after food.

Newcastle Almost Sure Of Promotion To First Division

LONDON (Reuter)—Newcastle United, which has spent more than £25,000 (\$100,000) in the last year rebuilding its club, Saturday was virtually assured of promotion to the First Division of the English Football League.

United, three points behind Second Division leaders Birmingham City, defeated Sheffield Wednesday 4 to 2 before a crowd of 55,000 in one of the most important games in today's schedule. The victory gave Newcastle a four-point lead over Sheffield and each has two games left to play before close of the season.

One point in its remaining two games will put Newcastle up in the premier division and on its present form this is almost a certainty.

Birmingham made certain of promotion with an easy 2 to 0 victory over Cardiff before 52,000 home fans.

It is likely Birmingham and Newcastle will replace Blackburn Rovers and Grimsby Town. The Rovers, trying desperately to stay in the First Division, drew 1 to 1 at Middlesbrough to draw its point-total to 30 but Charlton Athletic, also fighting hard to stay up with the "Big League" clubs, gained two valuable points in its 2 to 0 triumph over Blackpool.

Charlton, with 34 points—four more than the Rovers—needs only one point in its remaining three games to avoid relegation. Grimsby Town's fate was settled two weeks ago.

Leadership battles in the Third southern and northern divisions continued at a hot pace and the question of promotion still is unsettled.

One point separates Rotherham United and Lincoln City in the northern group and each has two games to play. The United defeated Southport 2 to 1 and Lincoln stayed in line with a 3 to 0 verdict over Carlisle United.

Queen's Park Rangers held its four-point lead over Bournemouth in the southern section as each club posted a victory. The Rangers made it 2 to 1 at Exeter and Bournemouth blanked Northampton town 2 to 0. Queen's Park have four more games to play and Bournemouth three.

In Scotland a capacity crowd of 134,000 at Hampden Park saw Morton, in the bottom half of the Scottish "A" division, hold the mighty Glasgow Rangers to a 1 to 1 draw after overtime.

Both goals were scored in the first half.

The replay is at Hampden Park next Wednesday evening.

Costa Rica Rebels May Attack Capital

NEW YORK (AP)—Jose Figueres, leader of the rebel forces in Costa Rica, said today he would march on the capital, San Jose, "if the Communists keep blocking settlement" of the civil war.

He made the statement in a telephone interview from Cartago, 75 miles south of San Jose. Figueres said the fortress defending Cartago fell to the rebels Friday. His forces had occupied the city itself on Monday.

Figueres said he captured the government garrison at Cartago and the hostages who had been held there to prevent him from directing artillery fire on the fortress.

Bogota Quiet After Bloody Uprising

Smoke from building fired during Bogota riots hung over the city as bloody fighting, sniping, looting and burning ceased. Photo was carried to U.S. by one of 38 Americans evacuated to Miami.

Barbara Ann May Sign Up In 2 Weeks

TORONTO (CP)—Robert V. Hicks, lawyer for Barbara Ann Scott, Ottawa, world champion skater, said Saturday movie, radio and testimonial contracts offered his client add up to \$150,000 but they will be carefully considered before she signs.

"That's the bundle," Mr. Hicks said.

"Naturally, we intend to look closely into every offer before Miss Scott will put her 'Barbara Ann' on any contract."

The barrister said the blue-eyed skating expert may sign within two weeks.

(See story, "Barbara Ann May," page 12.)

P.G.A. Meet Set

SPOKANE (AP)—The regional qualifying round for the National Professional Golfers' tournament will be held at the Spokane Country Club April 26 in conjunction with the Northwest P.G.A. tournament. Neil Christian, area P.G.A. representative, said Saturday.

At least 30 northwest professionals are expected to enter the tournament. Chuck Congdon, Tacoma, is expected to defend his northwest P.G.A. title.

Retrial Ordered

NANAIMO (CP)—Robert J. Carlow, 22, charged with manslaughter, will have a re-trial June 14. Mr. Justice J. M. Coady ordered the retrial when an assize court jury failed to reach a verdict. The charge resulted from the death of Carlow's cousin, William Islop, in a hunting accident in the Cowichan district last October.

Boy, 13, Accused Of Girl's Murder

NAPA, Calif. (AP)—The naked body of six-year-old Verna Haskins was found in a muddy creek today and Police Chief Eugene Riordan said 13-year-old Richard Thompson had admitted the sex slaying.

The little girl had been undressed, molested and drowned, Riordan said.

He told reporters young Thompson made the admission after he had been questioned for five hours.

Consumers Send Message To Premier

OTTAWA (CP)—Defeated in one bid for a government hearing of their price complaints, a big consumer group Saturday took its grievances by messenger to Prime Minister King.

A spokesman at Laurier House, the Prime Minister's residence, said a messenger delivered a letter and some "bundles." They were from the 300 men and women who Friday tried unsuccessfully to meet the Cabinet.

Hurdle Record Set

LAWRENCE, Kas. (AP)—Harrison Dillard of Baldwin-Wallace College, Cleveland, bettered the world and intercollegiate record by a full second today in winning the 120-yard high hurdles at 13.6 seconds for a new Kansas relays mark.

Referee Frank Potts announced time would be recognized as a meet record and will be applied for a world's record. Velocity of the wind was two miles per hour.

TRUTH IN NEWS

IN NEW YORK TODAY THE BOARD OF directors of the Associated Press, with which The Canadian Press operates on a complementary exchange agreement, reaffirmed its championship of "truth in news." It was fitting that the leaders of this great organization, celebrating the 100th anniversary of its founding, should emphasize the "principle of factual, unbiased reporting of news as a great public service" and renew their determination to withstand any challenge from pressure groups seeking to advance their own self-interest, disseminate their own propaganda or set up a dictatorial reign.

Despite the narrow criticism of cynics, freedom of the press is accepted as not only a primary right but a working operation on this continent. Perfectionists, of course, see flaws in its expression, and the disgruntled make capital out of the minor aberrations that are inevitable in any undertaking which depends on human effort and is consequently subject to the unavoidable element of human error. The application of the padlock law in Quebec, for instance, proves the point. The general disapproval of Canadians in the remainder of the Dominion of this method of shackling expression, illustrates the adherence by citizens of this country to the fundamental concept of freedom of expression. The same broad principle applies in the United States.

It is of more than passing importance that the ordinary newspaper reader should appreciate this fact. His or her conclusions can be based only on the evidence which is submitted. In certain countries, one side of the case only is presented. Control of the press makes it virtually impossible for the citizen to weigh the pros and cons of a question. Such restriction of evidence is unquestionably effective. It can eliminate the arguments of opposition and can bolster the position taken by the party in power. It can let accusations go unanswered. It can close the mind to the processes of fair analysis.

With "truth in news" the widening gulf between the western democracies and the people under the control of the Kremlin might be bridged. Yet, on the basis of our understanding of conditions in Russia, such a policy of honesty would be most disadvantageous to the powers that be on the other side of the "iron curtain." With them, it is necessary not only to hide from the eyes of the world's readers conditions which exist within the U.S.S.R. and her satellites, but also to keep from their own people the knowledge of the better life which prevails elsewhere. They cannot take the risk that is inherent in "truth in news."

Basic freedoms are tied together with the spirit of "truth in news." Without the latter, they are in jeopardy. Without "truth in news" their fibres are weakened. For that reason there is more than an expression of pride in their organization's creed when the directors of the Associated Press repeat their slogan. It is a principle on which all good newspapers and news agencies rest their foundations.

ARISING FROM THE ASHES

DESCRIBED AS THE LARGEST VESSEL of its type ever constructed on the coast of British Columbia, the Canadian National S.S. Prince George on Saturday steamed from the finishing berth at Yarrow's Ltd. and spent several hours in a trial run in the Strait. The test marked the completion of a local construction project in which this community has taken a keen interest, and the beginning of what is hoped will be a long association in British Columbia waters. The \$3,000,000 passenger ship, named after her predecessor, which was destroyed by fire, measures 350 feet in length, has a speed of 18 knots, and is expected to enter service this summer, covering the Vancouver-Skiagway run. It may be that Victorians will see her but seldom after she takes up her summer and winter schedule, but they will wish her well and follow her career with a certain pride, knowing her to be the fine product of Victoria craftsmanship.

FAKE BONES

THE AVERAGE HUMAN BEING IN THIS 20th Century will have a feeling of more than casual sympathy with the dogs who will be subjected to a new invention announced in Los Angeles. An enterprising company has developed a rubber bone that smells like beef. The taste, however, remains the same—rubber. And musing on the doings of mankind in these turbulent days, a philosopher might draw a strange parallel between these new canine teasers and the problems of modern living which drive mankind to resort to headache tablets and psychiatrists.

There are many rubber bones presented to the unsuspecting citizen today. The economic cure-alls that offer bright returns without risk or labor; the political theories that promise everything in return for nothing; the meretricious philosophies that present life as a pointless, pleasure-loving existence in which reward is unrelated to effort; they all look fine on the surface.

They attract by their superficial appearance. They lure with the age-old bait of something for nothing. They promise much, but on investigation they prove to be not what they seem. They smell like beef, but they taste like rubber.

OPPORTUNITY AT HAND

ALTHOUGH THE GOVERNMENT OF Generalissimo Chiang Kai-shek supports, on paper, an admirable code of national liberties, including the very relevant matter of land reforms, there is little indication in the Generalissimo's election as China's first constitutional president that such political freedoms will be extended in the near future. The Chinese leader, who has been head of the government since 1928, takes over a six-year term in his new office with virtually dictatorial powers. While so much of his support is due to those who for personal reasons oppose the implementation of the policies which the government holds in theory, it is not likely that reforms will be instituted.

Chiang, whatever his personal inclinations may be, is thus in somewhat of a dilemma. Reforms which would match the promises of the Communists in their appeal to the Chinese farmer and laborer cannot be put into practice without causing a breach in the present government ranks. At the same time, the need for some such move, to counteract the successes of the Communists in the north, is becoming daily more apparent. The independence-loving Chinese peasant probably has little inclination toward the Communist ideology as such, but the Reds promise—and deliver—some of the reforms which he sees as desirable, including a better division of the land resources of this predominantly agricultural country. These measures the Chiang government has not yet carried out, and the practical Chinese peasant makes the obvious choice. It remains to be seen whether the Generalissimo will use his broad emergency powers, bestowed on him for the "period of the national crisis" to solve some of these more pressing problems.

HOPEFUL START

EARLY RETURNS FROM THE ITALIAN general election as this is written indicate a comfortable lead for Premier Alcide de Gasperi and his Christian Democrat Party. Although it is too early on the basis of a few thousand votes to predict the outcome of balloting which involved millions, the preliminary reports will cause a wave of hope and optimism to run through the democratic countries of the world. Today's count refers to the contest for 237 Senate seats. Results in the more important battle—for control of the 574-seat Chamber of Deputies—will be disclosed tomorrow. One factor bolstering expectations of a Democratic victory lies in the large turnout of voters for this crucial election. Reports indicate that well over 80 per cent, and perhaps as high as 90 per cent of eligible voters have cast their ballots. It was felt that the larger the total vote the better would be the government's chances of victory.

SAANICH DOGS

PRESUMABLY THE LOGIC OF SAANICH's decision to increase the tax on mongrel dogs, while leaving the charge against registered canines unchanged, is based on the assumption that the latter, because they have a higher sales value, are subject to adequate control by their owners. The theory seems to be that the mongrel is allowed to run at large and that he, not his blue-blooded cousin, is the offender in sheep-killing which have been of direct concern to the municipality. Obviously, not all mongrels are killers. Nor is it a certified fact that the so-called aristocratic canine, given the chance, would not worry sheep. But because the blame for stock losses has fallen on the former, the owners of all unregistered canine pets are to be subject to a higher license fee.

On the face of it, the regulation appears to be straight discrimination. Nor does the presumed logic of the argument in support of the new levy offer proof of its efficiency. Man is only relatively logical and is swayed by processes other than logic in his actions. For the behavior characteristics of the dog, we cannot speak. Saanich, of course, has a problem. When stock is worried and the marauding canine cannot be identified, the municipality must pay certain damages to the stock owner. It is entirely reasonable that the council should wish to avoid the loss entailed. It can only accomplish that objective when all dogs, pedigreed and otherwise, in the municipality are under control. It is the responsibility of owners to see that such a condition is brought about. And it is the duty of the municipal authorities to see that owners discharge that responsibility. This discriminatory tax does not offer a guarantee of control.

NOTES

But is it worse to separate than to live together for 20 years while wholly separated in spirit?

The Arabs are superior in one way. They teach a child not to touch its ears, eyes, nose or mouth with unwashed hands.

We need a word that means either Miss or Mrs., to use in addressing ladies who sign their letters "Jane Doe" and leave us guessing.

"There is no such thing as human superiority."—Eisenhower. A lot of privates beat you to the idea, General, but nobody would listen.

Walter Lippmann

STATE DEPARTMENT AND PENTAGON

CORRESPONDENTS and commentators have been reporting the hopes and the doubts of officials in the U.S. State Department who are thinking about the President's promise that "the United States will, by appropriate means, extend" to the free nations of Europe the military support which they need in order "to protect themselves." But while these officials are thinking about what to propose, the Congress is about to dispose of the matter—certainly for the next crucial months—as soon as it has settled the dispute between Secretary Forrestal and Secretary Symington.

For once the new military program is adopted, it will be set, unless war breaks out, at least until there is a new Administration next winter. Yet neither the Forrestal nor the Symington program is designed to provide "appropriate means" by which the Western Union nations can "protect themselves."

THE PENTAGON, however divided on the relative size of the air force, the ground army, and the navy, is proposing no program which takes into account the fact that the State Department promoted the Brussels alliance and that the President and Secretary Marshall have committed the country to support it. The Brussels pact is a defensive alliance to resist the invasion and occupation of western Europe. American military policy—strategic doctrine and the actual program to support it, both Mr. Forrestal's and Mr. Symington's—is not designed to defend particular countries against invasion; it is designed to deter aggression against any country by the threat of a crushing reprisal against the centres of the Soviet Union itself.

UNTIL these two military conceptions have been reconciled inside the Administration, the United States will not be moving toward an understanding with the Western Union but toward a most dangerous misunderstanding. The Brussels pact is to prevent invasion. The Pentagon policy is to defeat Russia eventually.

The question, therefore, is not whether the United States will by treaty or joint resolution formally promise to go to war if the Western Union is attacked. It is whether it can and will adopt military measures which enable Great Britain, the United States, France, and the Benelux nations to oppose effectively an advance by the Red Army into western Europe.

THE ESSENCE of the problem is what will happen to France, Belgium, the Netherlands and Luxembourg if the American strategic air force is not a sufficient deterrent against aggression. If, indeed, while it is being built up, the Soviet Union decides to occupy western Europe and hold it as the hostage against the United States strategic air force and the atomic bomb.

It is therefore beside the point, and in fact quite misleading, to talk about whether the United States Senate should be asked to ratify a treaty of alliance which pledges the United States to go to war if the Western Union is attacked. The United States would as a matter of fact be at war before the Western Union was at war. For the Red Army cannot cross the Rhine until it has crossed the Elbe; it cannot cross the Elbe without attacking the American Army before it attacks the Belgians, the Dutch, and the French. The presence of General Clay and his troops in Germany is an absolute guaranty that the United States would not be neutral.

THEREFORE, THE GUARANTY that the United States would go to war exists and cannot be made any stronger. What is wanting are the "appropriate means" to give western Europe a good fighting chance to defend itself successfully. Without such measures an eventual victory—such as the Pentagon has in mind—would be, as regards western Europe—apart from Britain which cannot easily be invaded—a case where the operation was successful but the patient died.

So when Mr. Bevin signed the Brussels pact, when Mr. Marshall promoted it, when Mr. Truman promised to support it, they committed themselves to a reconsideration of Anglo-American military strategy and military policy. Were the affairs of the democracies well conducted there would have been military staff agreements before the Brussels pact was signed and before the Forrestal and the Symington programs were presented to Congress. But as in Greece, Iran, Palestine, China, Korea, so now once again the United States has followed the practice of making commitments first, and then of scratching heads and wondering what to do about it.

WHAT IS ACTUALLY going to happen, unless there is a prompt change of view in Washington and London, is that the Western Union nations will have military staff conversations in London in the next month or so. These conversations are bound to call for a modification, or a very considerable enlargement, of American and British military plans. But before this can be done Congress will have disposed of the Forrestal-Symington dispute, and it will not be easy—with the conventions and the election coming—to reopen the question of how to implement the Brussels alliance.

The question will, however, have to be reopened. For without defensive measures in western Europe, the great strategic air force, which will take some years to create and deploy, may then not be a deterrent. Copyright, 1947, New York Herald Tribune, Inc.

Most Mysterious, What?

As Our Readers See It

B.C. MINING TAXATION

If our methods of taxing land in B.C., with a very high rate on unimproved land to discourage speculation in land, are right, then our method of taxing "Crown-granted Mineral Claims" at a flat rate of 25 cents per acre is utterly wrong. It is well calculated to encourage holders of mining property "to hold on to" far more property than they can do justice to.

Once they have acquired a Crown Grant the owners of mineral property are entitled to hold it, regardless of its value, for 25 cents per acre per annum. Mineral claims differ enormously in value. Some could not be sold for \$10, others are sold for very many thousands of dollars.

Almost everywhere, a sort of blight falls on our B.C. mining camps. They start out with a boom, usually following discoveries of rich ore. Then follows a period of stagnation quite naturally. The owners of some claims have quarreled and find that they cannot work together. Some owners have moved away, others have lost interest. Often one owner can tie up a whole group of claims. Some are dead and their heirs know nothing about mining. The chances of making useful deals grows less and less.

Tax mining property, according to its value, not according to its acreage.

J. C. HARRIS.
New Denver, B.C.

WRONG DOG THEORY

According to the Times of April 14, under the heading "Class Distinction Enters Life of Dogs in Saanich," the Saanich councilors by a majority vote raised the fee of unregistered female dogs to \$15 and males to \$5 claiming that mongrels were chiefly responsible for sheep killing. Absolutely it is not so, very often the worst offender is the Collie, or Alsatian, or hounds, setters and pointers, all of which are purebred and registered.

Class distinction is very right, just go to your country local store and see the children and young people who come there to shop, most of them have just a dog, and mostly little fellows

crossed by any that happened along at the time appointed.

To think that our reeve and councilors, "with such foresight," are the people we have selected to run our municipality.

My dogs are purebred and look after them, if others who own these roaming dogs will do the same the poor sheep may no longer be molested by dogs.

Be just and fair.
FRANK WARD.
Box 1400, R.R. No. 3.

FUTURE RESORT PLAN

I was instrumental in getting through various Boards of Trade and Fish and Game Associations of Vancouver Island, a resolution to the Provincial government requesting that the tall trees and snags surrounding the Lower Campbell Lake, Melvor Lake and Loveland Lake be cut down

before the area was flooded for the power development up there. The new lake created will be some 12 miles long and three to five miles wide, and joins up all three lakes, the present level of the lakes being raised 50 feet. We are asking that this lake be developed in a modern and up-to-date method for the use of present and future generations, because, if the trees are left standing to die in the water, the lake and shore-line will be added with dead trees standing all over the lake, and no one will be able to use the lake for pleasure or business. If the area to be flooded is properly cleared of tall trees and snags, then the new lake can be developed with summer hotels, auto camps and summer homes and, like Kelowna, a yacht club can be established.

The government are trying to pass the buck to Mr. Weston, who is in charge of the Power Commission—a man who is against it, and who is only concerned with developing power. Why doesn't the government consult a committee of experienced loggers? If they did they would find that a good job could be done and the lake put in good usable condition for less than \$1,000,000. That committee of loggers is available for consultation at any time at Campbell River.

H. COOKE.
Comox.

"ENOUGH OF THESE TAXES"

Why, instead of continually increasing costs and taxes, is there no suggestion of trying to economize? It is all very well to blame the increased taxation upon the peoples' demands for social service—this is nothing more nor less than a vicious circle—so long as costs increase help must be forthcoming for the underpaid, the sick, the aged, etc., and meanwhile our resources are being exploited and sold to other countries, at enormous profits to the operators. Why not make the profit-making corporations pay for the social services which their huge profits have made so expensive?

E. W. ABRAHAM.
"Tritrea," 1125 Faithful St.

SAANICH DOG TAX

It is specifically stated that the Saanich dog tax has been raised to an unreasonable level, in order to prevent the killing of sheep.

Does Mr. Warren honestly believe that the imposition of this heavy tax will stop the nocturnal escapades of the guilty canines? I insist that no matter how high the tax is, the dogs will still be there, year after year; unless, of course, the municipality begins a systematic execution of all unfortunate dogs whose owners cannot afford such a levy.

Can our local council not find an answer to the problem without enforcing such unfair measures? In a democracy, are not the laws supposed to be made for the benefit of the majority? Another fault is "class distinction." I don't agree with the statement that pedigreed dogs cause less disturbance, and are less likely to kill sheep than any other dogs.

The problem of sheep killing has been supposedly solved by what seems to be a hasty and inadequate means. While there is no doubt in my mind that some farmers are suffering a great loss, can it be possible that the council cannot devise some practical solution which will provide a greater measure of fairness for all concerned?

WILLIAM F. GRAHAM.

'Peace Be On Thy House'

Health News Service

EVENTS in a child's life that cause separation from one or both parents and a mental environment which gives the child a feeling that normal love and affection are lacking do far more damage to growth than does disease, it is stated by Dr. Griffith Binning in an article—"Peace Be On Thy House"—in the current March-April issue of Health, official magazine of the Health League of Canada.

Dr. Binning, Director of Schools in Saskatoon, Sask., reveals findings from a study on some 800 Saskatoon school children through use of the Wetzel Grid, a relatively new method of appraising infant and child growth and development.

He states that the investigators learned that where parents possessed the ability to meet the

crises of life calmly and efficiently alone—where parents possessed a large share of emotional maturity—then neither growth disturbance nor other symptoms apparently occurred so easily.

The writer defines emotional security as consisting of "the possession of those strong moral virtues that all great religions have handed for so many years—courage, reliability, selflessness, tolerance for the honest opinions of others provided they do not conflict too vigorously with our own moral principles, persistence in defending one's ideals, ability to harmonize with others in one's daily tasks."

NO TENSIONS

Dr. Binning says that where children possess these virtues as the result of parental example—

the only way in which they can achieve them—then tensions cannot become great enough to disturb growth no matter what home catastrophe occurs. Emotional maturity is an acquired characteristic, learned from the child's environment.

A portion of the children included in the study at least partly suffered thinness or lack of adequate gain in development and "other symptoms" not from disease nor from emotional tensions in the home. There were cases where neither existed—cases that could be labelled "No Disease, Physical or Mental," cases which the R.C.A.F. used to label "L.M.F."—lack of moral fibre; cases where the mother was too slowly to perform the necessary duties of motherhood properly.

Global Survey

By DEWITT MACKENZIE
Associated Press News Analyst

BRITAIN, after a mighty struggle with her conscience over long generations, finally has decided through the medium of her House of Commons to abolish capital punishment for murder during a trial period of five years.

The vote for this notable experiment—245 to 222—came after a dramatic seven-hour debate over the question of whether to hang or not to hang—a penalty which has been exacted for some 800 years. The verdict represented a defeat for government views, though it wasn't a political reverse, since the Labor government had given the rank and file of its party the privilege of voting as they saw fit, and even permitted members with minor ministerial posts to abstain.

The Conservatives, whose leaders were against abolitionism, also split and thus the issue became non-partisan, with Labor and Conservative members voting according to their personal leanings.

INNOCENTS HANGED

In the debate the government fought the measure on the grounds that it was essential for the protection of society and that abolitionism would increase homicides. Advocates replied with humanitarian arguments, and a particularly cogent point was made by Labor member R. T. Paget, who cited cases in which innocent people had been hanged.

"Only God and the accused know the real truth," he declared.

This isn't the first time, by any means, that an effort has been made the Commons to do away with hanging for homicide—a move, by the way, which doesn't affect the death penalty for treason, sabotage of the royal dockyards and piracy. Previously, however, the government has beaten down the proposal with its plea of necessity.

Renewal of the proposal now was, I suspect, partly a psychological reaction to all the bloodshed and hatred which have attended the world war. The impulse was humanitarian and undoubtedly religion entered into it strongly, for England still remembers the commandment: "Thou shalt not kill." The London Daily Graphic summed the debate up like this:

MERCY

"The British idea of justice, founded not on punishment but on mercy, shone through all the arguments in the House, and those who disagree with the verdict should draw satisfaction from the fact that in a world of relaxed standards Britain keeps her principles high."

The plea about the danger of a miscarriage of justice is a powerful one, since mistakes do happen in trials and an error can't very well be repaired after the condemned has taken the drop. So far as Britain is concerned, her mistakes probably have been very few in modern times, for my observation is that justice maintains a very even balance, and I've seen numerous murder trials there.

UNNECESSARY

T. D. F. in the Ottawa Citizen
"Too many wrinkles on brows are caused by things that haven't happened, and won't."

TWOFOLD USE

Brandon Sun
It is most probable the iron curtain is intended to keep the Russians from finding out about us rather than to keep us from finding out about them.

NO SOLUTION

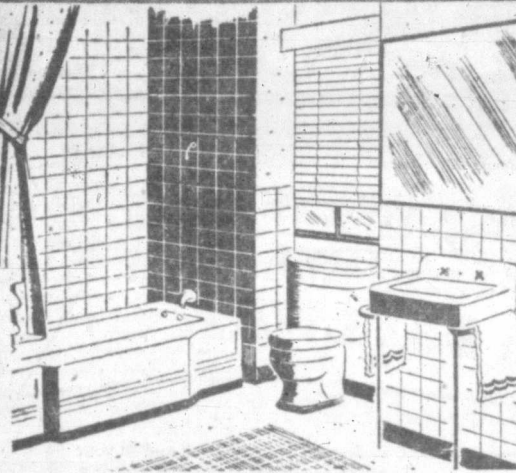

Montreal Gazette
The argument used by the Labor government in Britain at the election was the same used by similar parties in other countries. It suggested that private ownership of a basic industry was in some way preventing the nation from getting the greatest advantage from that industry. But the truth would seem to be that public ownership of itself brings no solution. The same hard problems remain to be solved. And state management would seem to be at least no more successful in solving them.

EXPERIMENT ENDS

Windsor Star
Had it been possible, constitutionally, for the Social Credit Party to proceed with its fancy theories it is doubtful if they would have gone far. There is no short cut to prosperity. Natural resources, hard work and production are the answer. It is a mark of something or other that the Social Credit government which a decade ago was scaring the britches off capitalists has so amended its ways that it now has the support of some of the country's biggest capitalists.

De Gaulle Asks General Election In France To Face 'Russia Peril'

MARSEILLE (AP)—Gen. Charles de Gaulle called Sunday for an immediate general election which, he said, would enable him to head a strong government capable of facing the peril of Russia.

Almost simultaneously, Premier Robert Schuman, a De Gaulle political rival, announced he would ask parliament to adopt new military reorganization laws because of the unsettled international situation. Schuman gave no details, but said the plan would cost the country "the indispensable minimum in money and men."

His cabinet recently discussed increasing the required military training period from one year to 18 months.

De Gaulle spoke from a float in Marseille harbor. A crowd estimated at more than 100,000 heard the leader of the rightist Rassemblement du Peuple Français (R.P.F.). He charged the present cabinet is dividing France at a time of great danger. The general then asked "all Frenchmen who want to forget partisan pretensions, simply to serve France," to join his party.

The R.P.F. polled the largest vote in the municipal elections last October, but has not yet had a chance to test its strength in a parliamentary election.

The general favors increasing the powers of the executive branch of the government.

De Gaulle said Russia and the Communists in France have only one aim: "World domination." This peril, he continued, can only

Selective Service Sought In Canada

OTTAWA (CP)—The government is being asked to adopt selective service training measures to boost Canada's reserve army, which "is far from adequate," an official of the Military Engineers' Association told the Canadian Press at the weekend.

The official said resolutions adopted at the conclusion of the annual convention of the association Saturday for presentation to the Defence Department included one "stressing the urgent need for an adequate supply of trained men in case of a national emergency."

It is understood the association has criticized Canada's reserve army as being grossly under strength, claiming that only by the introduction of some form of compulsory training will an adequate strength be achieved.

Nova Scotia Girl Wins Singing Award

TORONTO (CP)—Elizabeth Benson Guy, 22-year-old dramatic soprano from Bridgewater, N.S., won the annual "singing stars of tomorrow" radio award for girls at the weekend.

Victorious over 24 other contestants, Miss Guy received \$500.

Winner of the young men's award was Gilles Lamontagne, 24-year-old baritone from Quebec City. He also won \$500, plus a \$500 grand award for the best individual performance.

Runner-up in the girls' competition was 24-year-old Yolande Lagrenade, Montreal coloratura soprano. Ernest Adams, 28-year-old baritone from Vancouver, came second in the men's class.

Mr. and Mrs. O. A. Butters were guest speakers at a meeting of the First United Couples' Club, held at the home of Mr. and Mrs. D. Raymond, 3194 Rutledge Street, Friday evening. Their subject dealt with the history leading up to the present Palestine situation. The next meeting, on May 7, will be held at the home of Rev. F. W. Anderson, 3433 Cook Street.

Education Minister To Open Officially Belmont High School

LANGFORD—Hon. W. T. Straith, K.C., Minister of Education, will officially open Belmont High School on Dunford Road, Langford, at a ceremony May 7.

Maj. Gen. G. R. Pearkes, V.C., M.P., will introduce Mr. Straith. Conveners of district arrangements for the carnival to be held in conjunction with the official opening are: Mrs. A. J. Duggan, Metehosin; Mrs. J. Woods, Luxton; Mrs. M. Burbridge, Colwood; and Mrs. A. F. Bayles, Langford.

The school will be open for inspection and trials of home cooking, candy, needlework and miscellaneous articles will be set up with pupils of the school selling the goods. Proceeds will be used for sport equipment and other school needs.

Young People's Concert At Luxton Draws 300

LUXTON—More than 300 people attended a concert presented by the Luxton Young People's Variety Club in Luxton Hall, at which MacDonald's Hometowners were featured artists.

W. P. Hobbs opened the program and outlined the purpose of the club. He said the funds raised would be used to provide sports equipment and added that the club was arranging to purchase suitable property for a track and baseball diamond.

Contributing to the entertainment were: Fred Usher, Bob McGill, Bill Batten, Ernie Fullerton, Geoff Venables, all of the Hometowners. Others taking part were: Norma Wilkinson, Kathleen Richardson, Geraldine Wilkinson, Laurie Mount, Mrs. Mary Hobbs, Jimmie Woods, Clifford and Wilfred Hobbs.

G. Blogg Heads Esquimalt Liberals

George Blogg was re-elected president of the Esquimalt South Liberal Association at the annual meeting in Luxton Hall.

E. H. Botting was elected vice-president; Mrs. R. G. Paget, secretary-treasurer, and H. G. Ridley, H. Vasey, T. T. Pullen, Mrs. J. Gavin and Mrs. H. Ridley, members of the executive committee.

The meeting requested that Esquimalt Lagoon beach, which was recently opened to the public, be cleaned up and be restored to its prewar state. Annual district meeting of the association will be held at Colwood, May 19.

Langford Meeting

LANGFORD—Fire and theft insurance will be taken out on the nurse's office at Belmont High School, Sooke School District health committee decided at a meeting, at which Mrs. W. Price, vice-president, was in the chair.

Miss E. Urvoid, district nurse, gave a general report on her work to date. Arrangements are being made to have the Red Cross Blood Donor Clinic visit the district in mid-May.

Statistics Show Community Value Of Victoria College

The community value of Victoria College is shown in an analysis of the places of residence of its students compiled by Professor Robert Wallace of the college mathematics department.

It shows that the college serves its immediate area almost exclusively.

Since September, 1939, the college has had 3,286 students enrolled.

Of these, 44.1 per cent were residents of the city; 22.2 per cent of Oak Bay; 16.9 per cent of Saanich, and 3.2 per cent of Esquimalt, or a total of 86.4 per cent for Greater Victoria.

Another 8.8 per cent came from other sections of Vancouver Island leaving 4.8 per cent from mainland areas.

During the 1939-40 session 49.4 per cent of the students resided in Victoria City. The next year 51.2 per cent were city students.

A QUICK MEAL!

Van Camp's PORK BEANS

Delicious and Nutritious—You'll want Van Camp's often!

They'll Do It Every Time

Since then the number never has gone above 45 per cent. At the same time the percentages of students attending the college who reside in Oak Bay and Saanich have increased slightly.

Enrolment has grown from 75 in 1920-21 to 477 this year. Of the 477 there are 367 civilian students and 110 ex-service men and women.

Final examinations now are being written by the 1947-48 classes and the college will close for the summer months on April 30. Enrolment next year is expected to be between 350 and 400.

Happy that man, who, after a big evening "with the boys" finds that friend wife has ready for him a nightcap of that excellent aperient—mildly laxative KRUSCHEN. Kruschen helps nature relieve discomfort that may be caused by "too much party" or, common constipation. Kruschen is a blend of saline minerals similar to those in famous medicinal springs. Kruschen offers you these four advantages:

EASY TO TAKE—Dissolves quickly in water, or your morning coffee, tea or fruit juice. Most folks find the small morning dose is best.

WORKS FAST—Usually within the hour. Does not spoil your day.

GENTLE ACTION—Its formula is balanced to act gently, without discomfort.

TIME-TESTED—Over 300,000,000 packages sold throughout the world. Kruschen is a standby when doxy mornings or "don't care" days make you feel low. Start the day with Kruschen and see how good it is to have that grand "Kruschen feeling". 25c and 75c at all drug stores.

Associated Press, 100 Years Of Age, Surveys Progress

NEW YORK (AP)—The board of directors of the Associated Press said today that "in this land of fought-for freedom, the Associated Press knows but one master—truth in news."

The statement was issued in connection with the 100th anniversary of the A.P., whose members gathered today for their annual business meeting and luncheon.

The directors noted in their statement the growth of the co-operative news gathering organization since 1848 and the evolution of the "principle of factual, unbiased reporting of news as a great public service." It described this news principle as of "transcendent importance."

WITHSTANDS PRESSURE

"The ceaseless struggle ever since has been to maintain and carry forward that principle in a world beset by constant pressure of selfish interest, propaganda, and dictatorial reign."

"In the midst of such complexities, the Associated Press stands today as the bulwark of the practical ideal of news objectivity insured by the varied backgrounds of its many member-owners. Unique as the only non-profit co-operative news gathering association in this country, it serves faithfully its 3,931 newspaper and radio members and subscribers around the world."

In a separate annual report to the membership, the directors said that "in a world gripped by tension and conflicting political ideologies, the association's responsibility for its news coverage becomes ever greater."

"Progress during the year not only was made in membership, better coverage on news and picture fronts, but in improving the presentation. Steps were taken to make Associated Press news more 'readable'—so that an even greater circle of readers can better understand history in the making."

Dr. Rudolf Flesch, author of "The Art of Plain Talk," has been undertaking "a critical running survey of the entire A.P. report to improve writing techniques."

"Replies to a recent questionnaire indicate that 93 per cent of your editors regard the report as decidedly better than before this effort was inaugurated," the board said.

A major pioneering step was

Gordon Head Produce Bound For Prairies

Because of government-imposed embargoes on most U.S.-grown vegetables, Canadians this year, more than ever before, are relying on Canadian produce to meet their requirements. Broccoli (winter cauliflower) grown at Gordon Head, for instance, is being shipped to alleviate a vegetable shortage on the prairies. First carload left Victoria Sunday for Calgary. Shown with two of the trucks used to take the produce to the docks are Henry Lou Poy, left, and Harry Lou Poy of the Pioneer Fruit & Vegetable Co. Ltd.

person who advocates, encourages or participates in subversive action or subversive propaganda be permitted to become or remain a member."

A second resolution alters the Legion ritual so that affirmation of membership conforms fully with the revised article on anti-subversiveness.

Under the third resolution each Legion branch would set up an investigating commission which would file formal complaint against anyone violating the membership provisions.

At present the constitution, in its injunctions against undesirable, refers only broadly to avowed anarchists and Fascists, and fixes on individuals the responsibility for making a complaint in writing against an anti-subversive member.

Dealing with membership in the Legion, delegates also voted to admit men called up under the National Resources Mobilization Act who served in an actual theatre of war.

A move to accept veterans with three years' service in the non-permanent active militia was defeated.

EVERY MONTH A NEW ICE CREAM SURPRISE

Quebec City Pays, But Pumping Station Idle For 10 Years

QUEBEC (CP)—City fathers—taxpayers too—look this week to a promised report by City Engineer J. A. Tremblay to shed more light on the riddle of Quebec's waterworks system, a pump station that hasn't worked in more than 10 years.

Discovery of the Sherbrooke Hill pump station's idleness last week shook Mayor Lucien Borne's administration, causing a mild sensation among the taxpayers as well.

Mayor Borne called for an investigation, while aldermen did some scouting on their own. All in all the station suddenly got more attention than it had enjoyed during more than 20 years of its existence. Meanwhile the taxpayers—still bewildered as to the proper function of the station—knew this much at least:

A 40-inch main burst last Thursday near the northern outskirts of the city, causing a water failure in two upper-town wards and parts of suburban Sillery. Service was restored some 15 hours later, after the main had been repaired.

During this period, the mayor announced that the Sherbrooke Hill pumping station, which should have served those sections of the city, was not operating. The mayor said it had not operated for more than 10 years. He wanted to know why.

A spokesman for the city engineer's department said the station had been built before installation of a 30,000,000-gallon reservoir on the Plains of Abraham. It would function automatically only in the event of near depletion of the reservoir's supply—a test that never has arisen.

Alderman Wilfrid Samson said the city had been paying two watchmen at the station full-time wages just as if it was in operation. He said the station might just as well be covered with cobwebs from end-to-end for all the use it was.

Quebec Legion Drive On Reds, Fascists

MONTREAL (CP)—Direct action to eliminate subversive elements from the Canadian Legion was taken Saturday by the Quebec provincial command in closing its three-day convention.

Steps to eradicate Communists, anarchists and Fascists came in the form of three approved resolutions calling on the Dominion command to amend the Legion constitution at the Dominion-wide convention in Saskatoon next month.

One resolution would have the constitution state specifically: "No anarchist, Communist or Fascist, avowed or proved, shall be permitted to become or remain a member; nor shall any person who advocates the destruction of organized government in Canada by force, or any

Many Visitors At Supper Dance

Former Victorians and tourists mingled with home-townners in the large crowd attending the Empress Hotel's supper dance in the Crystal Ballroom Saturday evening.

Mrs. Ralph Linton of Montreal who is spending several months visit, came with her brother and sister-in-law, Mr. and Mrs. Ronald Sedger and Mr. and Mrs. Walter Lock.

Also from Montreal were two other former Victorians, Mr. and Mrs. Ray McGregor, the latter wearing a brown frock patterned in white stripes and fashioned with "flaring ballerina" length skirt. At their table were Mr. and Mrs. Paul Arsens, Mr. and Mrs. Bruce McGregor, Mrs. Ann Wheelock, Mr. Jim Lang, Miss Helen Baird and Mr. William Ostler.

Capt. Harold Rankin of Halifax escorted Miss Kathleen Sheret whose pastel print afternoon dress featured a draped skirt in the newest length. Mr. and Mrs. Charles Blaney made a four-some with them.

Mr. and Mrs. Hoadley Mitchell, she wearing a Paisley print with brown accessories, were saying goodbye to their many friends before departing for their new home at Lloydminster. Attending the dance with them were Miss Mildred Irving and Mr. Newton Cameron.

Mr. and Mrs. James Burridge were entertaining Mr. and Mrs. Victor King and Mr. and Mrs. Richard Lipsey. Another six-some included Mr. and Mrs. Clive Campbell, Mr. and Mrs. John Hedley, Mr. and Mrs. Goldwyn Terry.

Among other dancers were Miss Lea Bayard with Dr. Carron Jameson, Mr. and Mrs. Ted Fox, Mr. and Mrs. William Patton, Mr. and Mrs. John Spencer.

To Be Married In May

Mr. William J. Lyle, 13 Gorge Road, announces the engagement of his sister, Miss Victoria (Vickie) Lyle, youngest daughter of the late Mr. and Mrs. D. Lyle, to Bertram Frank Hickman, son of Mr. and Mrs. J. J. Hickman, 1531 Bank Street, Victoria. The wedding will take place at St. Andrew's Presbyterian Church on Saturday, May 8, at 8 o'clock. Rev. J. L. W. McLean will officiate.

Joan Constance Pearson Now Mrs. Charles E. Palmer

As they left Metropolitan United Church following their wedding Saturday evening, Mr. and Mrs. Charles Edward Palmer passed through a guard of honor formed by the Victoria Girls Drill team, of which the bride, the former Joan Constance Pearson, was a member.

The young couple are now

motoring to California for their honeymoon.

Dr. A. E. Whitehouse officiated at the nuptial rites of the eldest daughter of Mr. and Mrs. Percy Pearson, 302 Beckley Avenue, and the younger son of Mr. and Mrs. E. L. Palmer, 1251 Dominion Road.

The church was decorated with masses of spring flowers including tulips, daffodils, hyacinth and plum blossoms. Edgar Holloway, organist, played traditional wedding music, and Miss Daphne Stansby, soloist, sang "Through the Years."

For her wedding gown the bride chose white satin, with net yoke outlined by narrow bertha collar, lily point sleeves, and a peplum at the front of the full skirt extending into a bustle at the back. A floorlength veil was caught to her headpiece of orange blossoms and seed pearls, and her bouquet was of red roses and white carnations. Mr. Pearson gave his daughter in marriage.

Gowns fashioned similarly to that of the bride were worn by her four attendants: Mrs. Albert Rowe, matron of honor, and Miss Hazel Pearson, maid of honor, in blue; bridesmaids Miss Vera Pearson and Miss Lenora Palmer in peach satin. Their open crown bonnets of peach and blue contrasting with their dresses, were trimmed with matching flowers, and they wore long mitts to match their dresses. Their bouquets were of blue iris, pink carnations and pastel sweet peas.

Reg. Palmer acted as best man for his brother, and his cousin, Vic Palmer, ushered with Ken Mitchell and Jack Holland.

Mrs. Pearson and Mrs. Palmer received guests with the bridal party who stood under a decorated arch at a reception in Oddfellows Hall. A large wedding bell hung over a three-tier wedding cake on the bride's table.

On leaving for the California honeymoon, the bride wore a tomato red suit, grey topcoat and grey accessories.

When they return, Mr. and Mrs. Palmer will live at 164 Crease Avenue.

Donations Made—A sum of \$15 was voted to the Bursary Fund and a desired amount of cod liver oil made to the V.O.N., at a meeting of St. Matthew's Baillie Begbie Chapter, I.O.D.E. Mrs. M. Chambers, regent, was in the chair and two new members were welcomed. A knitting meeting will be held at the home of Mrs. Warner, Suffolk Street, on April 28.

Leaves For Holland After Long Visit In City

Miss Clara Zuur, 1148 Oscar Street, who has been a well-known figure in the life of Victoria, for the past few years, left today, en route for New York from where she will sail for Holland to visit relatives. Miss Zuur came to Victoria as a tourist before the war from Java, where she owned a plantation, and when hostilities commenced, continued her visit indefinitely. During her stay in the city she has been

Returns From Visit In Portland, Ore.

Mrs. T. M. Knox returned to her Beach Drive home on the week-end, following a week's motor trip to Portland, where she went to visit her son and daughter-in-law, Mr. and Mrs. W. O. Knox, and her new grandson, William Oliver Knox Jr. During

an active worker with the S.P.C.A., and was also actively interested in the work of the Medical Aid for China group. She will be remembered by many for her daily pilgrimages to Beacon Hill Park, where, every day, rain or shine, promptly at 4 o'clock, she took green foods to Ursus Kermode, the white bear. Miss Zuur was entertained by many friends at "bon voyage" parties, prior to her departure.

Mrs. Stella Gummow, provincial superintendent of Women's Institutes has just returned from a two-week visit in the Fraser Valley where she attended group meetings of institutes in the South Fraser district.

Mr. and Mrs. Stewart Cumming, Victoria Avenue, will leave the city on Tuesday to make their future home in Vancouver. In the past two weeks, Mr. and Mrs. Cumming have been extensively entertained by Victoria friends.

Mr. and Mrs. Ray Sandy, who flew from Fort St. John for a short visit in Vancouver and more recently in Victoria, returned to the mainland last night, en route to their northern home.

Among out-of-town guests attending the Palmer-Pearson nuptials Saturday evening were Mr. and Mrs. V. Palmer of Nanaimo and Mrs. H. Kirk of Nanaimo; Mr. and Mrs. I. Ward of Port Alberni; Mr. W. Hoffman of Kelowna; Mrs. E. Blaney and Mrs. R. Foster of Vancouver.

Out-of-town guests at the Tanner-Groves wedding Saturday evening included Mrs. S. Warren and Mrs. P. Richardson of New Westminster, and from Vancouver, Mr. and Mrs. E. Preston, Mr. and Mrs. P. Lloyd, Mr. and Mrs. C. Bayley Jr., Mr. and Mrs. G. Bradshaw, Mr. and Mrs. W. Bayley, Mrs. K. Gibbs, Mrs. M. McKenzie, Miss Sally Bayley, Miss Wendy Warren and Mr. C. Bayley.

Saanichton Home For Newlyweds

Island View Beach, Saanichton, will be the future home of Mr. and Mrs. Lawrie Joseph Patterson, who were married Saturday evening in St. Stephens Church, Mount Newton, V.I., when they return from their honeymoon on the mainland.

The bride is the former Davida Betty, youngest daughter of Mr. and Mrs. David Younger, Brentwood, and the groom is the son of Mr. and Mrs. J. A. Patterson, Keating.

Archdeacon W. C. Western read the nuptial service in a setting of plum blossoms, pink tulips, iris and daffodils which decorated the church for the occasion.

Given in marriage by her father, the bride made an attractive picture in a tailored suit of pearl grey, and rosebud hat. She carried a bouquet of red roses and pink carnations, and wore as her only jewelry a string of pearls, the gift of the groom.

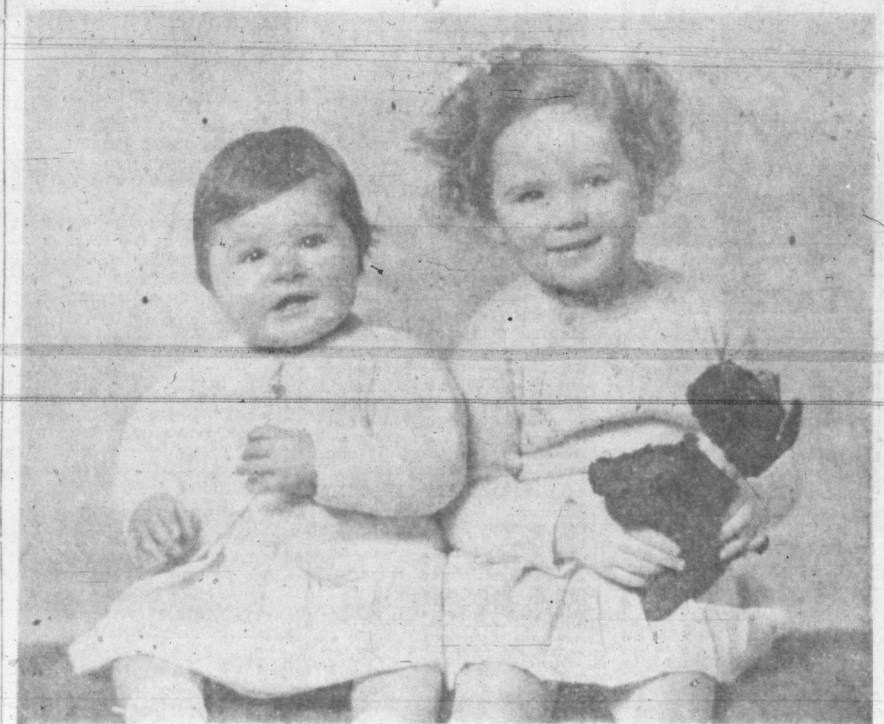

She was attended by her sister, Miss Maureen Younger, and Dem Carrier acted as best man for the groom. Ushers were David Younger, brother of the bride, and Frank Dignon.

Following the ceremony a reception was held at Brenta Lodge, where Mrs. Patterson and Mrs. Younger assisted the young couple in receiving their guests. A three-tier wedding cake was cut by the bride, and R. Carrier of Tod Inlet proposed the traditional toast.

For traveling the bride wore a cherry red shortie coat over her wedding suit, a red hat and accessories, and a corsage bouquet of red rose buds.

Banquet Plans—At the last meeting of Daughters of St. George, Victoria Lodge No. 83, plans were made for a St. George's Day Banquet to be held in Terry's dining room, Friday at 6:30. Mrs. A. Harris, G-7073, and Mrs. W. Hooper, E-8828, are in charge of reservations. A card party will be held following the next meeting April 28 at 7:30 in the K. of P. Hall.

Looking Forward To Happy Summer Days

Two-year-old Elaine and her baby sister, Carolyn, who is 10 months old, are the daughters of Mr. and Mrs. J. J. Ashmore, 764 Jasmine Avenue, and the granddaughters of Mr. and Mrs. R. J. Ashmore, Doncaster Drive, and Mr. J. G. Little and the late Mrs. Little, Jasmine Avenue.

Ice-Blue Brocaded Satin For Gown Of Week-End Bride

It was in First United Church at 8 o'clock Saturday evening that Rev. W. G. Wilson heard the marriage vows of Mary Patricia Groves, daughter of the late Mr. and Mrs. Fred Groves, Vancouver, and Samual Edwin Tanner, son of Mrs. A. M. Tanner, Victoria, and the late G. W. Tanner.

A gown of ice-blue brocaded satin was worn by the bride, who was given in marriage by her uncle, C. Bayley. It was fashioned with tight fitting bodice, long sleeves and very full skirt. Her chapel veil was of matching blue net, and she carried a sheath of gardenias with pink satin leaves. She wore a single strand of pearls.

Mrs. Emily Underwood, matron of honor, and Miss Marilyn McKenzie, niece of the bride, wore gowns of pale pink brocaded satin similarly to that of the bride. They wore halo hats of pink mohair with large blue satin bows, and carried fan bouquets of pink carnations. Each wore a single strand of pearls.

C. B. McKenzie was best man and ushers were L. Underwood and Owen Burton.

Soloist during the ceremony was Miss Violet Dennam who sang "Oh Promise Me." Floral decorations in the church were baskets of stocks and pale pink snapdragons, while white stocks tied with white satin ribbon marked the guest pews.

At a reception in the Parish Hall, Esquimalt Road, guests were received by the bride's sister, Mrs. G. B. McKenzie, by her aunt, Mrs. W. Rothery, and by Mrs. Tanner. A three-tier wedding cake was flanked by white tapers in silver holders, and vase of rosebuds and forget-me-nots.

Mr. and Mrs. Tanner are mo-

79 Entries For Institute Competition

Seventy-nine entries were received in the Better Housing competition, sponsored by the Women's Institutes of British Columbia. It was announced by Mrs. Stella Gummow, provincial superintendent of Women's Institutes, this morning.

These entries, from institutes in remote parts of British Columbia as well as the more urban centres, have all been sent to Vancouver to be judged by the British Columbia Rural Housing committee of which Prof. R. Young of the University of British Columbia is chairman.

Winners will be announced by Prof. Young on June 3, during sessions of the provincial annual meeting of Women's Institutes, which will be held at the University of British Columbia. Prizes amounting to \$400 will be awarded.

From Model To Artist In One Big Jump

Attractive Marde Hoff Foster, shown working on an oil painting called "Clare" at her New York studio, knows how it feels to get on the other side of the fence. Mrs. Foster, who at one time posed for artists who painted her for magazine covers and international exhibits, decided to work on the other side of the easel. While living in the Bahamas she did a portrait of her cook, which has been chosen for exhibit by the National Academy of Design. As a result, she received a year's advanced student's scholarship in Paris from the Fontainebleau Association of Fine Arts and Music.

Hon. Francis Ford Will Speak To Women

The Women's Canadian Club will meet in the Empress Hotel ballroom, Thursday at 2.45 p.m., to hear the Rt. Hon. Francis Ford, High Commissioner for Australia in Canada.

Mr. Ford was Australia's Minister for the Army and deputy prime minister from October, 1941, until September of last year. In this capacity, he was actively concerned with many of Australia's most urgent war problems.

He led the Australian delegation to the United Nations conference on international organization at San Francisco in 1945; has fought constantly for Australia's participation with a full vote in world affairs and for the view that Australia has a special contribution to make to the solution of the difficult and vital problem on the Pacific.

His subject will be "Australia Today."

Clubwomen's News

Tea a Success—The Bridge-ten held under the auspices of the Mothers' Club of St. Louis College, in aid of the St. Louis Boy Scout Troop, during the past week, was most successful. Held in the Douglas Room of the Hudson's Bay Company, guests were welcomed by Mrs. W. Rogers, president, and Mrs. M. A. Hurst, general convener. Mrs. R. MacKlin, Mrs. E. Roberge and Mrs. Witherow assisted in serving tea and refreshments.

Social Afternoon—At the last business meeting of the Victoria Women's Institute, it was announced that a social afternoon will be held May 7, for ways and means funds. Mrs. W. Jackson, Mrs. E. Cull and Mrs. A. Stewart will be conveners. Mrs. E. S. Blair presided at the meeting and reports were given on social welfare, sick visiting, drama citizenship and finance. The Victoria Institute will continue to send food parcels to the Institute in England.

Guest Speaker—The five "C's" in the problem of alcoholism were the subject of a talk by Miss Edna Grant, Dominion field secretary of Women's Christian Temperance Union to ladies of First Baptist Church at their regular monthly meeting. With Mrs. George Bishop presiding, the meeting voted to send \$50 to the Crusade for Christ fund of the Baptist churches, and to send \$50 for use of foreign missionaries under the White Cross department. Tentative plans were made for a tea to be held early in June under the convener'ship of Mrs. L. Helne. Reports were given by Mrs. E. Robinson and Mrs. J. Mackay, and the devotional was conducted by Mrs. D. Pearmain.

Adopt School—Members of the Royal Bridge Chapter, I.O.D.E., at their last regular meeting, decided to adopt a school, and to present books and prizes at the end of the term. Mrs. R. Clarke postwar convener, read a letter of thanks from the club's adopted family in Britain, and money was voted for more parcels to be sent. The chapter will hold a Mothers' Day tea May 9 and is also planning more extensive work in child and family welfare. Miss D. Brown, secretary, read a letter of thanks from the Hudson's Bay Company for the chapter's co-operation with the fashion show, and the club received their share of the proceeds. At the close of the meeting silver spoons were presented to Mrs. G. F. Green and Mrs. C. F. Hennigan. Miss Nina Greig, regent, presided.

Ladies Auxiliary to F.O.E., Aerie No. 12, Tuesday at 8, Eagles Hall, Regular meeting. Initiation and nominations for officers.

How?

Rest your tired eyes on this new hat. It's modeled by Jeanne Gilbert at New York's International Beauty Show. Michel of Paris created it, and calls it the "Apache." Michel doesn't say how it stays that way, or how you put a hat over it.

This Baby Needs Your Help!

On Tuesday afternoon, in the Douglas Room at the Hudson's Bay, members of the Women's Auxiliary to the Family Welfare and Children's Aid Society are sponsoring a tea from 3 until 5, with proceeds to be used to further work among small children, like the baby pictured above, who are wards at the Children's Aid Home. Miss Kathleen Agnew, Mrs. H. C. Hall, Mrs. R. W. Mayhew and Mrs. Jack Barracough will preside at the urns and Mrs. C. L. Bosdet, convener, and Mrs. Donald McAdie, president of the auxiliary, will receive guests.

Married in Hammond, To Make Home Here

St. John's Church at Hammond, B.C. was the scene of a quiet wedding Saturday when Dorothy Knox, younger daughter of Mr. and Mrs. L. G. Rayner of Hammond, became the bride of George Edward Colgate, only son of Mrs. Sidney Colgate, 1030 Park Boulevard, Victoria, and the late Mr. Colgate.

Given in marriage by her father, the bride was dressed in navy blue ensemble with off-the-face hat.

Mrs. James Clendinning of Vancouver was her sister's only attendant, while Everett Rayner was best man for the groom.

Following the ceremony a small reception was held at the home of the bride's parents.

Mr. and Mrs. Colgate will make their home in Victoria.

Woman Judge Would Make Change in Robes

TORONTO (CP) — The costume Canadian male judges wear may suit them, but the same costume is mighty uncomfortable for a woman. That's the opinion of Judge Helen Kinnear.

She told the annual dinner of the Women's Law Association of Ontario Saturday that it was just about time the judicial costume was improved.

"We ought to be smart enough to get together and work out some kind of feminine attire that would be dignified but easier to wear," Judge Kinnear added. It wears fingernails to the bone struggling daily with a judicial collar button.

P.T.A. News

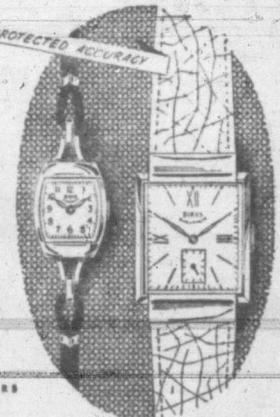

Royal Oak—It was announced at the last meeting of the Royal Oak P.T.A. that a box social will be held Thursday at 8 at the home of H. Amos, East Saanich Road, for all residents of Royal Oak. Mrs. R. G. MacDonald gave her report of the P.T.A. convention in Vancouver during the meeting.

North Ward — A spring tea given by North Ward P.T.A. will be opened at 2.30 Wednesday afternoon in the school auditorium by Miss I. Tuck. For children there will be special stalls of hot dogs, candy, balloons and a lucky dip. For adults, there will be homecooking, sewing, fancy-work and apron stalls, and a musical program will be provided by the schoolchildren. Games of progressive whist will be played in the evening. Guest speaker at the regular meeting of the P.T.A. Tuesday at 8 in the school auditorium will be Mrs. T. W. A. Gray.

Cloverdale — Dr. G. Clifford Carl, director of the Provincial Museum, showed the popular motion picture film "Nature's Submarines" at the regular meeting of Cloverdale P.T.A. held in the school. Reports were given of the P.T.A. Convention by Mrs. F. W. Burdge and Mrs. Frank Farrow. Next executive meeting will be held at the home of Mrs. A. Worthington. Nominations will be presented at the May meeting, and an auction of surplus goods will be held.

Heart Patients May Eat Food With Salt, Scientists Report

BY ALTON L. BLAKESLEE
CHICAGO (AP)—A new plastic powder promises many heart disease patients the boon of eating again foods with salt, two scientists reported today.

The powder is swallowed with water, like medicine. It then removes salt from food passing through the intestine. Dr. I. J. Greenblatt, of Ben-Eli Hospital, Brooklyn, and M. E. Gilwood, of the Permutt Company, New York, told the American Chemical Society's national meeting.

It has been used successfully by some persons who otherwise could not eat salted foods. These patients had heart troubles marked by dropsy—excessive water in body tissues—and swelling of the joints. Salt aggravates this condition, so they had been put on diets almost entirely free of salt. The diet is tasteless and boring.

Patients taking three table-spoons of the powder before and after each meal have been able to eliminate some of the excessive water without restricted diets or medicine, they said. The treatment still is being studied.

The plastic has been named Permutt Z. Dr. Greenblatt got the idea for the method during the war when the same kind of principle was used in airplane and ship emergency kits to take salt out of seawater.

NEW CANCER STUDY
A substance in human blood which may be important in human cancer was described in another report by Dr. William H. Fishman of the University of Chicago's Department of Surgery.

In test-tube experiments, this chemical halts the action of an enzyme called glucuronidase. Enzymes are potent chemicals which help govern cell activities and growth. The glucuronidase enzyme has been found plentiful in most human cancer tissue, Dr. Fishman said. But little or none of the anti-enzyme detected in the blood has been found in cancers from human stomachs and intestines.

Minor Injuries To 5 In Car Collision

Picture shows extensive damage done to automobile driven by Thomas M. Webb.

Eight persons had a lucky escape from serious injuries Saturday night when two cars in collision at the Fairfield Road and Linden Avenue intersection were badly damaged. City police reported the drivers were George Arthur Davis, 119 Moss Street, proceeding west on Fairfield, and Thomas M. Webb, 1126 Balmoral Road, traveling south on Linden.

Damage to the two cars will exceed \$1,000, it is estimated. Five of the occupants were taken to Jubilee or St. Joseph's Hospitals suffering from hurts.

Insp. John Howe led city policemen to the scene and directed operations. All taken to hospital from the Webb car were members of that family. Their names and nature of injuries were: Rose, two fractured ribs; Lucille, abrasions; Thomas M. and William, leg injuries.

Mrs. Sheila Davis was the only one of the family of four in the other car hurt. She suf-

Second car in accident driven by George Arthur Davis.

fered leg bruises. Others in this auto were the driver and Jack Davis and Mrs. Anne Davis, both of 1014 McCaskill Street.

The accident occurred about 8.10 and was by far the worst highway crash of the week-end in this area.

The DOCTOR Says:

VIGILANCE GUARDS AGAINST SMALLPOX

In February, 1947, a 47-year-old merchant, who had lived in Mexico for six years, began a bus trip from Mexico to New York City. This man was apparently well when he left Mexico City, but by evening he had a headache and pain in the back of his neck.

Two days later, while still traveling by bus, he developed a rash, but continued his journey and reached a hotel in New York six days after leaving Mexico City. After being in New York four more days, he entered the hospital and, on March 10, he died.

The disease which caused death was smallpox. During the time he was ill, he spread the disease to a 27-year-old man and to the latter's two children. The second man infected his wife, who died, and four others. One of the children infected by the traveler passed the disease on to two more children and to a nun outside of New York City.

As soon as the nature of the illness was realized, vigilant health officials went into action. Mayor William O'Dwyer issued appeals asking everyone to be vaccinated. The response was magnificent: Five million were vaccinated in New York City within two weeks and more than six million in less than a month. Never before had so many people in one city been vaccinated so quickly.

The fact that vaccination was accomplished so rapidly meant that there were few people left in the city still susceptible to smallpox. If mass vaccination had not been done, many residents of the city would have been susceptible.

In other cases, the accidental introduction of a victim of smallpox into a city has not resulted in such a fortunate outcome. In New York City itself, for example, an epidemic of smallpox occurred in 1901 in which there were nearly 2,000 cases and over 400 deaths. If the same thing had happened in the recent outbreak, there would have been more than 4,000 cases and nearly 1,000 deaths, instead of the 12 cases and two deaths which actually occurred.

Although smallpox can be stopped in its tracks, it is still a dangerous condition. It is far from safe to relax our efforts to keep people protected by vaccination.

Question—My basal metabolism

is minus 17. Is that badly deficient?

Answer—Generally doctors feel that normal metabolism may vary from minus 15 to plus 15. Minus 17, however, is not bad.

"Used by Millions for Over 50 Years"

Your First Move AT THE FIRST SIGN OF CANCER

THE way to win against cancer is to discover it early—then go immediately to your doctor for diagnosis and treatment.

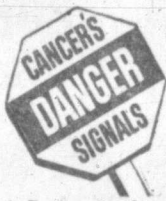

If this is done, your chances are even or better of coming out on top.

That is why one should always be on the lookout for cancer's danger signals. Watch for them in yourself, in your friends and in members of your family.

Don't be afraid to learn the truth. Your doctor may give you

the good news your fears are groundless. Or that a relatively simple course of treatment, in the light of new medical discoveries, is producing wonderful results in similar cases. But whatever you're told, the sooner you act, the better the news will be.

Remember—you can't diagnose cancer yourself, but you can suspect it. Be on the lookout. Check up on yourself from time to time.

1. Any sore that does not readily heal, particularly about the tongue, mouth or lips.
2. A painless lump or thickening, especially on the breast, lip or tongue.
3. Irregular bleeding or discharge from any natural body opening.
4. Progressive change in size or color of mole, wart or birthmark.
5. Persistent indigestion.
6. Persistent hoarseness, unexplained coughing or difficulty in swallowing.
7. Any change in normal bowel habits.

HERE'S HOW YOU MAY FIGHT CANCER... AND GUARD YOURSELF AND YOUR FAMILY

Learn cancer's danger signals. Support the B.C. Branch of the Canadian Cancer Society. This agency is devoted to the vital work of INFORMING people about cancer in British Columbia. Educational films, lectures, literature, bursaries for special training of nurses in charge of cancer patients, the establishment of cancer units in towns and cities throughout British Columbia, and the publishing and mailing of an official Cancer Bulletin to all campaign contributors are all part of the vital work done by the Society. \$100,000 is needed in B.C.—urgently. Will you help? This is not a charity... remember that your donation may pay you or a loved one a life saving dividend. Be generous!

Send YOUR contribution to CONQUER CANCER CAMPAIGN 1948, 720 HOWE ST., VANCOUVER, B.C.

R. B. BUCKERFIELD,
President, B.C. Branch, Canadian Cancer Society.

MAJ.-GEN. F. F. WORTHINGTON, C.B., M.C., M.M.,
Provincial Campaign Chairman.

Painful Piles

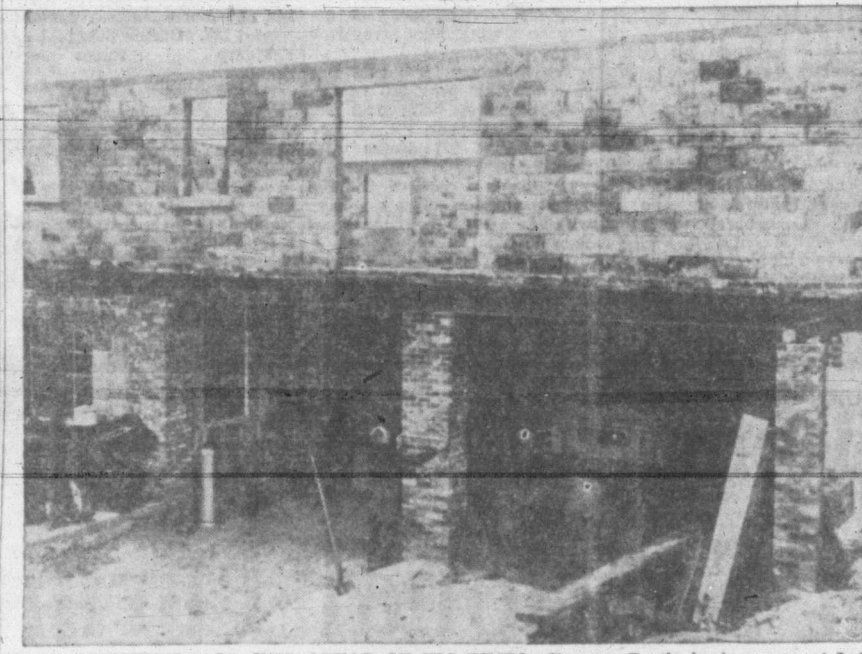

I can help most pile sufferers. I believe I can help you too if you want relief from the itching soreness and burning pain of piles.

My Hem-Roid treatment is different. Hem-Roid is an internal treatment, a small tablet taken with a glass of water. It helps relieve some of the conditions inside your body that cause you such intense pile soreness and pain.

But I'll be honest with you—there are some cases where Hem-Roid does not seem to help very much. I refuse to ask people to pay for something that does not help them. If Hem-Roid helps you, surely it is worth the small cost. If it does not help you, I will take your word. I find people are honest about such things.

Simply go to any drug store and get a package of Hem-Roid. Use it as directed for 10 days. Then if you are not satisfied return what you did not use and get your money back. This is an unusual offer but Hem-Roid has been sold on a refund basis for over 40 years. I am not asking to make many refunds so Hem-Roid must help most people who use it.

Try Hem-Roid now. It won't cost you a penny if it does not help you.

IS HE PESSIMISTIC—OR JUST AHEAD OF HIS TIME?—Clarence Booth, businessman of Lakewood, N.J., is building an atom bombproof home. The house has one floor above ground and one floor below. It will be reinforced with tons of steel and concrete. It will be protected against atomic radiation by glass-like tile, and against poisonous gases by an airtight locking door system.

Possible Postwar 'Recession' Not Like 'Depression' Of 30's

By CANADIAN PRESS

Much current thinking has been haunted by the thought that there was a recession after the First World War, and that history must repeat itself.

Those who keep in mind the nature of that recession are not unduly disturbed, but unfortunately the word frequently gets confused with the depression of the 30's, which was a different thing.

For those who wish to read the future by the past, the current issue of Canadian Statistical Review, published by the Dominion Bureau of Statistics, has some comment. Among other things, it seems to support predictions that the general economy is operating at a new level. It says in part:

"One outstanding feature of the period after the First World War was the remarkable stability of prices following the sharp recession in 1921. During the eight

years from 1922 to 1929 the cost-of-living index did not vary more than about 3 per cent in either direction from its average level. "The wholesale price index, though slightly more variable, was also quite stable."

"Because prices had also been fairly stable in the period immediately before 1914, it is possible to give an accurate measure of the extent to which prices rose as a result of the First World War."

"Comparison of the average level of prices for the period 1922-26 with the average 1910-14 shows that the cost-of-living index stabilized at a level slightly over 50 per cent higher than pre-war and the wholesale price index levelled out at about 55 per cent above its pre-war average. Not even in 1933 in the depths of the depression, did either the cost-of-living index or the wholesale price index fall below their levels in the period just before the First World War."

Opposes U.S. Military Guarantees Outside U.N.

Opposition to direct military guarantees being given by the U.S. to England, France, Belgium, Luxembourg and The Netherlands was expressed here by Clark M. Eichelberger, director of the American Association for the United Nations.

Mr. Eichelberger, author and editor of the U.N. publication, "Changing World," in a Sunday address before the U.N. Victoria branch in the First United Church, expressed his disapproval of the tendency of U.S. military men to desire military agreements outside the U.N. Such actions, he believed, would weaken the U.N. machinery already existing.

The speakers' alternative was the amending of Article 51 of the U.N. charter so as to permit collective security, despite the veto in the Security Council.

This would mean that if the Security Council should veto a motion, the general assembly would meet and, by a two-third majority vote, authorize the U.N. to take military action. This would permit speedy action in the case of an emergency and allow the by-passing of a Russian veto.

Mr. Eichelberger defended the work of the United Nations. The U.N., he said, was tackling all the international problems with great courage. No one could say that the U.N. was dodging any questions. If it failed it would not be, as in the case of the League of Nations, through inactivity, but through having too many problems put before it.

He regarded the "vesting question" as the most difficult problem faced by the U.N. at the moment. It was not really the most important, he added, because it involved only a small

Island Pipers Hold Reunion Dinner

Skirl of the bagpipes echoed in Loughheed's Banquet Club Saturday night when the Vancouver Island Pipers' Society held its annual reunion dinner.

The affair was opened in true Highland style with the playing of the pipes by Andie Pollack, Fred Allnut and Ray Gandy. A Gaelic toast was presented by the president, Pipe-Major Ian Duncan, who presided over the meeting.

During the evening various competitions were held. Piper Allnut won first prize for his original composition; Donald McLean, vice-president of the society, won first prize in the competition open for veterans over 60, and James McMillan was awarded the Tinker Cup for piping at monthly meetings through the past year.

Other pipers taking part in the evening's program were Donald Graham, Dave Miller, Doug Porteous and Gerry Shepherd. Drummers were Don Knight and Harry Potts.

Guests at the dinner were Mayor Perry E. George, Acting-Chief John Blackstock, city police department; Chief Hugh Reston, Oak Bay police; Ed Whyte, president of the Island Games Society; Rev. J. L. W. McLean, Maj. C. Mosedale, Canadian Scottish Regiment; Maj. J. Dewar, Capt. C. R. Wilson and J. Fulton.

From Vancouver were Pipe-Maj. John McHardy of the Vancouver Police Pipe Band; Pipe-Maj. J. Ironside and J. Ironside Jr.

Mayor To Decide If New York Subway Fare To Be Raised

NEW YORK — New Yorkers awaited word from their mayor today on whether they could continue to enjoy the longest five-cent ride in the world.

The city's perennial battle of the traditional nickel fare in New York's 270-mile subway system reached a crisis last week. Bus systems serving about 300,000 daily passengers rolled again Sat-

urday after being strikebound 11 days.

Behind the move to resume long-deadlocked negotiations was the expectation of the powerful Transport Workers Union (C.I.O.) and bus companies' management that Mayor William O'Dwyer will favor a fare boost.

O'Dwyer said he would disclose his stand on increasing the five-cent fare Tuesday.

Last month the Republican-controlled state legislature chased the political ghost of the fare issue straight into the Democratic house of Mayor O'Dwyer. It passed a bill which author-

ized the city board of transportation to increase fares to any amount it sees fit with the approval of the mayor and repealed a law making any fare increase subject to a referendum.

In the bus crisis, companies said they could not meet union demands for wage increases on a five-cent fare basis. But if bus fares are increased, transport officials say the nickel subway fare inevitably must rise too.

And traditionally free-riding New Yorkers have quibbled for years over a nickel when it comes to their vital subways.

The subways are the arteries

of the city, quickly pouring millions to and from work and pleasure daily. Without them there could be no 100-story office buildings or 1,600-times-multiplied real estate values.

Many New Yorkers are indifferent to the fact the city-owned subways have operated at a deficit for years. They're simply happy in the knowledge that for a nickel they can ride any distance up to the 34 miles from 241st Street in the Bronx to Coney Island in Brooklyn.

Proponents of a fare increase to 10 cents or less say it's essential. Opponents say a doubled

Births Decline, Deaths Increase During February

With births less and deaths more than during the corresponding month of last year, the February natural increase in British Columbia's population

fare would hit New Yorkers hard, representing the equivalent of a 15 per cent increase for 1,300,000 families paying \$50 a month or less for rent.

this year was 831, compared with 1,109 for February last year, the division of vital statistics reported today.

The February birth rate this year was 21.3 per 1,000 population, compared with 22.8 for February last year.

A total of 977 deaths were recorded during February of this year, giving a rate of 11.5 per 1,000 population. This compares with a rate of 9.5 for the previous February.

Marriage and divorces both showed decrease rates in February of this year. The monthly marriage total was 631, compared with 742 for the pre-

vious February, while the number of divorce decrees granted totaled 137. During the previous February 163 divorces were granted.

On the other hand illegitimate births, legitimations and adoptions showed increases in February over the February, 1947, totals. Illegitimate births number 115, compared with 92 during the previous February. Eighteen births were legitimated, compared with six during February, 1947, and 52 children were adopted, compared with 33 during the previous February.

With 46 infant deaths recorded in February this year, a sharp

decline from the 78 infant deaths recorded in January of this year and the 62 in February of last year was noted.

No maternal deaths occurred during February of this year, making February of this year the first month since September, 1947, in which no childbirth deaths have been recorded. In February, 1947, there were three maternal deaths.

Major League Clubs Usher In '48 Season

NEW YORK (AP) — Major league baseball teams knuckle down to serious business today with both the National and American leagues opening their 1948 seasons. The blue chips will be on the line in Washington, Boston and Cincinnati with 125,000 fans expected to witness the proceedings.

The world champion New York Yankees, picked by the experts to win their second straight American League pennant, will begin defense of their laurels at Washington.

A crowd of 31,000 including President Truman, who will toss out the first ball, is expected to watch the New York-Washington battle.

Allie Reynolds, who blanked Washington in the 1947 inaugural, is slated to hurl for the Yankees and Early Wynn for Washington.

However, before either Reynolds or Wynn even warm up, the first official game should be in the record books.

This game is scheduled to be played at Boston where the Red Sox take on Philadelphia Athletics in a morning and afternoon doubleheader.

In the morning game Joe Dobson will be on the hill for the Red Sox and Phil Marchildon from Penetanguishene, Ont., for the A's.

Either Denny Galehouse or Earl Johnson will pitch for the Sox in the afternoon tilt against rookie Lou Brissie.

National League warfare opens at Cincinnati where the Reds entertain Pittsburgh Pirates.

Salem Takes W.I.L. Lead With Twin Win Over Tacoma

Salem and Bremerton debuted their 1948 Western International League baseball season yesterday, the Oregonians moving to the top of the heap with a double win over Tacoma and Bremerton dividing a pair of pitching battles with Vancouver.

Salem knocked off the Tacomaans in their delayed opener 4 to 1 and 5 to 4, while Bremerton's John Marshall turned in a one-hit pitching job to blank Vancouver 2 to 0 in a seven-inning tilt with the Canadians coming back to take the nightcap 4 to 1.

Spokane marked its initial win of the '48 season. The inland empire nine bowed to Wenatchee 8 to 1 in the opener but swarmed back for a wild 19 to 16 win in the abbreviated finale.

The initial Bremerton-Vancouver clash produced the best duel of the still-young season as Carl Gunnarson, Vancouver moundsman, almost matched Marshall's one-hit job with a three-hitter.

In the American League tomorrow, New York is at Washington, Detroit at Chicago and St. Louis at Cleveland. The Athletics and Red Sox are idle.

Heaney's Capture Island Soccer Title

Heaney's captured the first division island soccer championship at Nanaimo yesterday by trouncing Ladysmith Lions, 7 to 2. Goal scorers for the locals were LeBus 2, Walker 2, Robb, Maceley and Robb, while Kavey and Straffon notched the up-island squad's tallies.

After Ladysmith opened the scoring at the three-minute mark, winners came back to grab a 2 to 1 lead by the half-way mark, and went on to outscore losers, 5 to 1 in the second half.

Battling to a 2 to 2 draw with the second-place Jubilee Pharmacy squad, Vets of France captured the Colonist Cup, symbolic of the second division league championship Saturday. Vets will play Vancouver for the provincial title here May 1.

Druggists took the lead early in the game when Ross Noel found the net, but Charlie Putman evened the score shortly after. Pete Clothier made it 2 to 1 for the Pharmacy eleven 10 minutes from full time, but Bob Rowe notched the equalizer with two minutes remaining.

Stan Leonard Wins

VANCOUVER (CP) — Vancouver's golf master, Stan Leonard, Sunday gave a preview of what may be expected of him this coming season. He stroked to an easy 8 and 7 victory over Malcolm Tapp, Quilchena assistant pro, to capture the city match play open title.

The victory in this year's golf inaugural here gave the long-driving Marine Drive professional the McElroy Cup and a major share of the \$750 prize money.

A's Split Double-Header With Packers

Dick Walkingshaw Hurls Club To First Victory; Wilson Stars At Plate

By PETE SALLAWAY
Times Sports Editor

YAKIMA—Exploding for 11 base hits, including a towering home run over the left field wall by outfielder Archie Wilson and long triples by Wilson and shortstop Jack Palmer, Victoria Athletics snapped their losing streak in the Western International League baseball campaign by trouncing Yakima Packers, 7 to 2, in the second game of last night's doubleheader.

Victory came after the A's had absorbed an 11 to 2 walling in the seven-inning opener of the twin bill. The two games drew around 2,400.

Pitching hero of the A's initial triumph was youthful right-hander Dick Walkingshaw. Making his first start in class B competition, the youngster came up with a four-hit masterpiece and displayed a world of courage. Recognized as a performer with "ice" in his veins, Walkingshaw pitched himself out of a rugged spot in the fifth and refused to allow the "barbers" in the

Yakima dugout to upset him. Although he doesn't boast a fast-breaking curve and didn't strike out a single batter, Walkingshaw combined good control with a beautiful change of pace. He was never off the corners all night. He gave up four walks.

Wilson was the star offensively. His home run and triple drove in two runs. Palmer and outfielder Charlie Balassi also picked up two hits apiece.

Hal Danielson, pepper pot catcher, taking his first turn behind the plate, picked up one hit and drove in two runs and showed he is ready to give Sal Recca a real battle for that number one catching berth.

GOOD SPIRIT

The youthful A's were a happy bunch after the win. The dressing-room was a real bedlam and manager Ted Norbert wore a smile for the first time since the season opened Friday night. The club spirit is good and the home fans can expect better things now that the boys appear to have shaken down.

Athletics moved into a 1 to 0 lead in the second inning when Balassi singled, advanced to second on an error, moved to third on an infield out and scored on a passed ball. Yakima got that one back in their half on Bryant's double, a wild pitch by Walkingshaw and a long fly ball to the outfield.

Wilson's homer, followed by singles by Balassi and Danielson along with a sacrifice hit, proved two more runs in the fourth. Successive triples by Wilson and Palmer added a run in the fifth, while Bob Kleraleski's single, two walks and an outfield out made it 5 to 1 in the sixth.

Yakima really tested Walkingshaw's courage in their half of the sixth. With two away, the Victoria pitcher hit opposing hurler Bob Pirack. Bud Fortier followed with a single and Monty Pyfl drew a walk to load the bags. With the count 3 and 0 on Ray French, Walkingshaw got the next pitch across and then forced the batter to pop to the outfield.

A single by Lou Kubiak, his

first of the season, along with an error and three walks provided Victoria's last two runs in the ninth. Yakima picked up a lone run in the last of the ninth on Johnson's single, a fielder's choice and long fly to the outfield.

Yakima used three hurlers, Dick Fast taking over from starter Pirack in the sixth and manager Verne Johnson working the last two. Pirack's big trouble was wildness as he threw 174 pitches in five and one-third innings.

ERRORS COSTLY

First game was another nightmare for Manager Norbert as Yakima picked up eight unearned runs. In an effort to get a winning combination, Norbert put rookie Bill Cruz on first base and benched outfielder Kubiak for Dick Powers. But the strategy failed as the A's booted the ball five times. In a wild fourth inning Yakima pushed across eight runs on four hits and a like number of Victoria errors.

Joe Blankenship started for the A's but just didn't have his usual stuff. With his curve not breaking, the rubber-armed right-hander was laying the ball in there with the result: the opposing batters dug in and teed off. Southpaw Art Kuehl took over in the fourth and couldn't get a man out before he was chased with Frank Logue working the string. In two and two-thirds innings Logue gave up only two hits and kept Yakima off the scoreboard.

Max Strait, who couldn't finish a game against the A's last season, was the winning pitcher, fashioning himself a six hitter. He struck out seven.

Athletics are idle tonight, opening up against Salem Tuesday evening in a three-game series.

First Game—
Victoria 7, Yakima 2. R. H. E.
Yakima 000 002 0-1 1 1
Batteries—Kuehl, Blankenship (4); Logue (4) and Recca; Strait and Comstantino.
Second Game—
Victoria 7, Yakima 2. R. H. E.
Yakima 000 001-2 4 1
Batteries—Walkingshaw and Danielson; Tread, Fast (6), Johnson (8) and Eastwood.

Seals Maintain Edge In Coast League Race

San Francisco Seals were still in the van of the Pacific Coast League procession today, three weeks after the season opener, but Bill Kelly's Los Angeles club is hot in pursuit, only a half game behind.

An overflow crowd of 23,474 watched the San Francisco and San Diego divide a doubleheader yesterday. The Seals took the opener, 7 to 3, but San Diego put on a spirited seventh inning rally in the second that was good for six runs and an 8 to 5 decision. The teams split their six-game series.

In Portland the Beavers took a double bill from Hollywood, 7 to 2 and 4 to 3. A tremendous home run by first sacker Fenton Mole in the sixth was the payoff in the nightcap. Gus Zernial had slammed a homer in the first frame of this game with two aboard. Mole's homer was his seventh of the season and it travelled 400 feet over the right centre field fence.

BARRETT BEATEN

Oakland split a twin bill with cellar-dwelling Seattle. Seattle took the first, 5 to 1, Oakland the other, 6 to 1. Oakland took the series, four games to three. Kewpie Barrett, who had won three games, tried to make it four for Seattle in the nightcap but he left the game in the sixth after giving up three runs and seven hits. Herman Besse would have had a shutout for Seattle in the opener except for Dario Lodigiani's lofty swat that sailed over the left field wall for a homer in the seventh.

Los Angeles and Sacramento split their double bill, the Sacs taking the first, 4 to 0, and then bowing, 3 to 3.

Hollywood plays Portland tonight, but the other teams are traveling.

First Game—
San Francisco 7, Los Angeles 3. R. H. E.
Los Angeles 000 000 0-0 0 0
Batteries—Fast and Lombardi; Castino (6); Lonn and Novotny.
Second Game—
San Francisco 5, Los Angeles 1. R. H. E.
Los Angeles 000 000 0-0 0 0
Batteries—Olsen, Hardee (4); Recchino (6) and Rice; Melton and Howell.

First Game—
Portland 7, Hollywood 2. R. H. E.
Hollywood 000 000 0-0 0 0
Batteries—Krauskopf, Rutland (6) and Kahn; Bridges and Beard.
Second Game—
Portland 4, Hollywood 3. R. H. E.
Hollywood 000 000 0-0 0 0
Batteries—Buxton and Raimondi; Barrett (7), Redwood (6), Hall (6) and Henley.

Painter, Morrison Advance In Golf Play; Basanta Defeated

Defending champions Vic Painter of Colwood and Bob Morrison of Uplands moved into the finals of their respective club championships yesterday as play continued in the tournaments on three of the city's leading golf courses.

Painter qualified for the finals at Colwood by knocking off his recent opponent in the Empress golf final, Bill McColl, 4 and 3. He will meet Jack Clark in the final next Sunday. Clark defeated medalist Ted Colgate 1 up in the other semifinal match.

Morrison had quite a battle to eliminate Gordon Verley in the Uplands semifinals, coming from behind to take the 17th and 18th for victory. Verley was one up at the 14th while the 15th and 16th were halved. Verley caught the trees on the 18th to lose all chance.

Don Gowan defeated Eric Hiberson 7 and 5 in the other bracket.

At Gorge Vale, Leo Derman, Ken Hincks, Eric Barber and W. A. Bird advanced into the semifinal round of play. Derman defeated Joe Briggs, 4 and 3; Hincks won from Fleming by the same margin; Barber eliminated Fred Basanta at the 19th and Bird drubbed F. R. Smith 5 and 4.

Results follow:

GORGE VALE

Championship—Leo Derman won from Joe Briggs, 4 and 3.

Ken Hincks won from R. Fleming, 4 and 3.

Harber won from F. L. Basanta, 1 up.

A. Bird won from J. R. Smith, 5 and 4.

FLIGHT

R. Roadley won from R. Rickinson, 3 and 2.

Hogan won from H. Kirkham, 3 and 1.

Hoden won from H. Pigot, 1 up.

A. Walker won from H. Atkinson, 4 and 3.

SECOND FLIGHT

G. Galbraith won from D. Thom, 4 and 3.

Dr. E. Whitmore won from D. W. Hosmer, 4 and 3.

THIRD FLIGHT

Don King won by default.

E. R. Nicklin defeated A. L. MacKenzie, 4 and 2.

FOURTH FLIGHT

W. L. Lupton defeated Wm. Dunaway, 1 up.

Jack D. Ferguson defeated B. E. Porritt, 3 and 1.

COLWOOD

Championship—2. Clark won from E. Colgate, 1 up.

V. Painter won from W. McColl, 4 and 3.

L. McCool won from A. Beasley, 6 and 5.

R. Spaven won from J. Melville, 3 and 2.

SECOND FLIGHT

D. W. Petrie won from B. Hunnins, 3 and 2.

THIRD FLIGHT

J. Hudson won from L. Huxtable, 4 and 3.

E. Bettelstede won from D. Davis, 3 and 2.

FIFTH FLIGHT

V. King won from W. Yardley, 5 and 3.

SIXTH FLIGHT

W. Cotton won from L. Stanston, 5 and 4.

SEVENTH FLIGHT

D. Shepard won from G. C. Bell, by default.

EIGHTH FLIGHT

D. Randall won from E. Gasts, 3 and 2.

Russell Ard defeated Capt. L. A. Reed, 3 and 2.

SECOND FLIGHT

Jack Sparks won by default.

W. G. More defeated E. G. Johns, 3 and 2.

THIRD FLIGHT

J. G. Thomson defeated C. J. Robertson, 3 and 2.

G. C. Briscoe defeated Don Woodhouse, 5 and 2.

FOURTH FLIGHT

G. Silburn defeated J. A. Stone, 1 up.

Stan Evans defeated E. C. Trevis, 2 up.

FIFTH FLIGHT

A. E. Irish defeated D. F. Anderson, 3 and 2.

F. McClement defeated Fred Switzer, 3 and 2.

SIXTH FLIGHT

Don King won by default.

E. R. Nicklin defeated A. L. MacKenzie, 4 and 2.

SEVENTH FLIGHT

W. L. Lupton defeated Wm. Dunaway, 1 up.

Jack D. Ferguson defeated B. E. Porritt, 3 and 1.

Flyers In Cup Final; Tigers Lead In East

EDMONTON (CP) — Edmonton Flyers will represent the west in the Allan Cup finals for the Canadian amateur senior hockey championship.

The Albertans earned the honor Saturday by defeating Winnipeg Flyers 3 to 2 for their fourth straight victory after an opening loss in the best-of-seven series for the western senior championship.

It was a hard game for the vastly-improved Manibobans to lose. Behind 3 to 0 midway through the game, they scored a goal in each of the second and third frames in an all-out but unavailing offensive.

Big Merluk scored twice for the winners and Doug Lane once. Forward Paul Platz, flown from Winnipeg for the Edmonton fixtures, scored both Winnipeg goals.

The Manibobans left for home last night by train. A few well-wishers and personal friends gathered at the railway station to see them off.

Either Hamilton Tigers or Ottawa Senators will meet Edmonton in the Allan Cup final which president Al Pickard of the Canadian Amateur Hockey Association said last night would open in Regina.

The C.A.H.A. has scheduled the first match of the Allan Cup series for next Saturday with the possibility of postponement to April 26 if the Hamilton-Ottawa series is extended to five games. The second game is in Calgary April 27 or 28, again depending on the eastern final, with third and fourth games slated for Edmonton beginning May 1. Places and date for remaining games, if necessary, have not been decided.

Winnipeg's only win in their series with Edmonton was a 2 to 0 shutout in the opening game in Winnipeg. Subsequent encounters showed the Manibobans sadly outclassed by 8 to 4, 7 to 3 and 11 to 0 counts.

MONTREAL (CP) — It wasn't for a grey-haired gent named Art Childs, Ottawa Senators today would be in the driver's seat in the eastern Canada senior hockey finals.

Childs, Hamilton Tigers goalie, stopped the Ottawa scoring attack cold here Saturday night to give Tigers a 4 to 1 triumph in the third game of the Allan Cup semifinals. Hamilton leads the best-of-five series 2 to 1.

The scene now shifts to Toronto for the fourth game Tuesday night. If Senators win, the fifth and deciding game will be played in Ottawa Thursday.

Outplayed most of the way Saturday night, Hamilton made good use of their limited scoring chances, netting two goals in the first frame and one each in the second and third. Senators lone tally came late in the middle session.

Hamilton's first-string trio of Clare Shillington, Tommy Smelle and Johnny Conick paced their scoring attack with a goal apiece, Shillington and Conick also picked up a pair of assists each. Swat Mason, aging Tiger forward, notched the fourth counter.

Eddie Emberg, aggressive Ottawa playmaker, potted Senators lone goal.

Childs handled 35 shots while Tigers directed 17 at Fraser.

Oak Bay Trims Wests In Jackson Cup Tilt

After jumping into a one-goal lead in the first few minutes of the game when Stan Wiseman converted a penalty for hands, Oak Bay went on to defeat Victoria West, 3 to 1, in the semi-final round of the Jackson Cup soccer knockout series at MacDonald Park Saturday.

The match was a replay—the first game ending in a scoreless tie—and qualifies Oak Bay for the right to meet Esquimalt in the final.

Starting against the wind, Oak Bay's smooth working forward unit drove deep into West territory on the first foray and following a pair of clearances by the West's backs got a break when Doug Hudlin handled in the penalty zone. Wiseman made no mistake with the spot effort beating Tommy Restell cleanly.

Wests had plenty of scoring chances through the first half but poor ball control by the forwards plus some smart defensive kicking by Oak Bay backs, Doug Laird and Neil Swainson, robbed them of any clear shot on the nets.

Esquimalt Defeats United, 4-2

Jae Watt's ever-improving Esquimalt eleven served notice yesterday afternoon that they are out for post season soccer honors by dropping United of the Coast League, 4 to 2, in an exhibition tilt at Heywood Avenue.

United fielded a make shift squad against the city and district team and were outplayed by their faster opponents through most of the game.

Earl Barnswell put the Coast Leaguers to the fore early in the contest when he cut in fast to beat Wally Rowe with a soft shot.

Esquimalt put on a concentrated drive while playing with the wind at their back and tied the score near the close of the first half with Art Young scoring on a neat cross from Elmer Hodder.

Winners took the lead at the 15-minute mark of the second half with Hodder scoring on a breakaway. United squared mat-

Minutes before half time Swainson boomed a long kick from near centre-field which hit the crossbar above Restell's outstretched hands and dropped right on the toe of Don Robinson. Oak Bay forward, who easily punched it home for the second marker. Teams reached the intermission with Bays leading 2 to 0.

At the start of the second half Bays took complete command of play forcing Wests to play defensive ball. Restell was particularly strong as he came out of his net-time and time again to pick up long passes from on-rushing Oak Bay forwards and clear nicely.

Injection of Bernie Clarkson on left-wing gave Wests a new life and they were finally rewarded when Rookie Wright deflected the ball into his own net while trying to intercept a pass.

Prettiest goal of the match came from the toe of Arnie Ferguson seconds before time when he hit a terrific first timer from 15 feet that passed Restell like a bullet.

Lew Worsham Wins Cavalier Golf

VIRGINIA BEACH, Va. (AP)—Smiling Lew Worsham, who has seldom finished on top since he won the United States open golf championship last summer, broke his string of bad luck as completely as he broke par today to win the Cavalier Specialists tournament.

Worsham, a Tidewater Virginia native, compiled a 54-hole total of 198 with two rounds of 65, four under par, today after an opening 68 last Friday. The victory, his first since the Denver open last fall, added \$1,000 to Worsham's links earnings.

Jimmy Demaret of Ojai, Calif., who also broke par of 69 for all his three rounds over the windswept, 6,065-yard course, took the \$900 second money with a 202 total.

Gene Sarazen, the first-day leader with a record-equaling 63, couldn't make his putter behave today and wound up with 205. He finished in a three-way tie for the other big prize money with Herman Kelsner of Akron, Ohio, and Dick Metz of Arkansas City, Kans.

Worsham, a Tidewater Virginia native, compiled a 54-hole total of 198 with two rounds of 65, four under par, today after an opening 68 last Friday. The victory, his first since the Denver open last fall, added \$1,000 to Worsham's links earnings.

Rival Managers Exchange Line-ups

Prior to the start of the first game of the regular W.L.L. season at Yakima Friday, managers Ted Norbert of the A's and Verne Johnson of the Packers present starting line-ups to umpires, Frank Dehaney and Jerry Mathieu. Left to right, Dehaney, Mathieu, Norbert and Johnson.

Windsor Knocked Out Of Dominion Cage Playoffs

MONTREAL (CP)—After staging one of the greatest finishes in local basketball history and defeating a club that was rated their superiors in practically every department Montreal Y.M.H.A. Blues checked into Saint John, N.B., today where they will meet Saint John St. Johns for the eastern cage crown.

After dropping the opener of the two-game total points series, 46 to 37 to a powerful Windsor Alumni quintette, the Blues overcame a nine-point deficit here Saturday night to defeat Windsor 45 to 35 and win the series by a single point.

The "Y" boys appeared to be on the way to elimination once the first half had terminated. They were trailing 19 to 18 and 10 points down on the series. They then found the scoring range aided by the banishment of Freddie Thomas, Woody Campbell and Ado Roral for committing five personal fouls.

Donald (Doodle) Bloomfield, spearheaded the Montreal team's second-half offensive. His uncanny shooting was the margin of difference between the clubs as the game waned.

Bloomfield was high scorer for the Blues, picking up 14 points while teammate Murray Waxman came next with 10.

Gino Sovran was Windsor's top scorer with nine points. Thomas picked up seven points before retiring with five minutes to play and Campbell netted six.

Duncan Beats Bays

Dropping a 2 to 1 decision to Duncan Native Sons in the Island Cup semifinal at Duncan Saturday, Red Wells' Oak Bay Intermediate soccer eleven lost the chance of retaining the trophy for the second straight year. Duncan will play Nanaimo in the final round.

Squads battled through a scoreless first half, but T. Williams put winners on early in the second half. K. Modeste scored what proved to be the winning counter five minutes later, and shortly before full time, Pete Holding notched the city squad's only tally on a penalty kick.

Great Stretch Drive Gives Mafosta Win

SAN MATEO, Calif. (CP)—Mafosta, from the Montrose Stables of F. Ronald Graham of Vancouver, put on a great stretch drive to win the \$10,000 added Hayward Morrison handicap by half a length at Bay Meadows Saturday.

Mafosta, carrying the top weight of 126 pounds, won the six-furlong event in 1:10 4/5. The Canadian-owned horse beat out Fair Truckee, holder of the world's six-furlong record of 1:09 2/5 in a neck-and-neck stretch drive. Fair Truckee finished last in the five-horse field.

Veteran Johnny Longden, the ex-Calgary rider, was in the saddle. He gave Mafosta a stirring ride to earn his second victory of the day and bring his all-time total to 2,995 victories.

Mafosta, carrying the top weight of 126 pounds, won the six-furlong event in 1:10 4/5. The Canadian-owned horse beat out Fair Truckee, holder of the world's six-furlong record of 1:09 2/5 in a neck-and-neck stretch drive. Fair Truckee finished last in the five-horse field.

Urologists Open 24th Annual Meet In Victoria Today

Members of the western section of the American Urological Association opened their 24th annual meeting at the Empress Hotel today. The meeting will last through to Wednesday evening.

Registration was followed this morning by presentation of papers and discussions. Papers were presented by the following: Dr. W. Pritchard, San Bernardino, Calif.; Dr. R. E. Tyvand, Seattle; Dr. L. R. Reynolds, Dr. T. L. Schulte and Dr. H. J. Hamer, all of San Francisco; Dr. G. J. Thomas, Beverly Hills, Calif.; Dr. J. E. Potter, Palm Springs, Calif.; Dr. F. R. Redwell, San Francisco, and Capt. A. C. Abernathy and Lieut. H. H. Edelbrock, both of the U.S. Navy.

This afternoon, the doctors are

holding their annual golf tournament at the Oak Bay Golf Club. The golf dinner will be held this evening when prizes will be presented.

There will be further papers presented and discussions on them Tuesday and Wednesday. The president's banquet will be held Tuesday evening.

For the doctors' wives, arrangements have been made for a visit to Victoria's flower gardens as well as to the Legislative Buildings, the Dominion Astrophysical Observatory and the Provincial Museum.

Officers of the western section attending the meeting are: Dr. J. R. Hand, Portland, Oregon, president; Dr. C. F. Rusche, Hollywood, president-elect; Dr. D. P. Fagerstrom, San Jose, Calif., and Dr. A. A. Kutzmann, Los Angeles.

Ald. Waldo Skillings will address a meeting of the Real Estate Board Wednesday noon in the Empress Hotel on "The Memorial Ice Arena."

No Need For Alarm Over Maine Action, Travel Officials Say

Officials of the B.C. Government Travel Bureau feel there is no cause for concern over action taken last week by the Maine Hotel Association, asking people of that state to spend their vacation this year inside their own country.

"There is no need for alarm," said William H. Currie, bureau commissioner. "The people of the United States are becoming more and more accustomed to spending their vacation time in Canada, and we have every assurance they will continue this practice."

"Every year there is something similar to this to contend with," Ernest W. Evans, assistant commissioner, noted. "But we always manage to take it in our stride. A little while ago there were reports that Americans would not come to Canada this year because of our austerity program. Now, 'austerity' is forgotten word in the United States."

Mr. Evans stated that should the action of the Maine hotelmen have any noticeable effect on the tourist industry here, action would be taken by the bureau to right the situation.

"Over the past few years we have spent large sums of money in the United States on advertising this province, and this year we expect to feel the cumulative benefits of our advertising program," he said.

The B.C. Government Travel Bureau believes this season's tourist set last year, he added.

In support of this belief, hundreds of letters of inquiry come to the bureau office every day from all parts of eastern Canada and the United States.

Principal sources of B.C. visitors are Washington, Oregon, California and Texas, Mr. Evans said.

The travel habits of the people of Texas are quite different from the habits of the rest, he said. The Texans are not just vacationists; they are summer colonists.

"They are driven out by the heat and they come in whole families to spend the whole of the summer—not just two or three weeks," he explained.

C.C.F. Try In Vain To Increase Tax On Mining Companies Of B.C.

Three C.C.F. moves to increase the proposed 4 per cent tax on income from mining operations, designed to replace the 2 per cent tax on ore mined, was defeated in the Legislature today.

Opposition Leader Harold E. Winch moved that the tax be increased to 10 per cent, but was defeated in a vocal vote.

This was followed by an amendment moved by Herbert Gargrave, C.C.F., Mackenzie, to increase the 4 per cent to 8 per cent. A show of hands vote followed in which four Coalition government members voted with the 10 C.C.F. members and Thomas Uphill, Labor, Fernie.

Those government members voting were: Mrs. Nancy Hodges, Victoria; Dr. J. J. Gillis, Yale; W. A. C. Bennett, South Okanagan, and W. D. Smith, Atlin.

A third C.C.F. amendment, moved also by Mr. Winch, called for a 6 per cent tax instead of the 4 per cent proposed in the bill.

Thomas King, Coalition, Columbia, joined with the four government members in supporting the C.C.F. in this amendment, but when a division vote was taken on the question of should the chairman be sustained in making his count, only Dr. Gillis and Mr. Bennett voted against the government. The count was 13 to 28.

During the discussion the \$37,000,000 profits of the Consolidated Mining and Smelting Co. of Canada Ltd. were frequently mentioned. Mr. Winch noted that while this profit was made only \$750,000 was directly paid by the company to the province while \$18,000,000 was paid to the federal government in corporation and income taxes.

The C.C.F. maintain that to give only 4 per cent to the people of the province is inequitable and unjust, said Mr. Winch, adding that the exemptions provided in the act were not only fair but more than fair.

He noted that the government would collect only 4 per cent on the actual value of the natural resources, and would collect nothing on the processing of ores—yet Consolidated produced a hundred items from the ores it mined.

Finance Minister Herbert Anscomb said he would be apprehensive of mining development

in B.C. if the C.C.F. proposed amendment went through. He said that the purpose of the tax was to replace the 2 per cent tax on ores mined which had been considered ultra vires.

MORE HARM THAN GOOD

Premier Byron Johnson feared that the tax would do more harm than good. He asked Mr. Winch to name one company, other than Consolidated, which during the past year had increased its profits.

Mr. Winch replied that if none had, they would not be hurt by the increased tax.

Mr. Johnson warned that by increasing the tax the little encouragement given the companies, many of them marginal operations, would be reduced.

The Premier also described as unfair the comparison by Mr. Winch of the mining industry to the lumber industry. Mr. Winch had pointed out, the policy of taking a greater share of the profits of the companies, had been recognized by the government by raising royalties. Mr. Johnson said that the increases in profits of lumber companies had been virtually across the board which was not so in the mining industry.

Mr. Gargrave said that the arguments of Mr. Johnson and Mr. Anscomb were weak. The tax, he said, would not affect marginal operations since the tax would be levied only on the net returns of the companies.

By the same argument, said Mr. Gargrave, the 3 per cent sales tax proposed by the government, would have the same effect as increasing the tax on mining operations.

The third amendment, said a brief clash between Mines Minister R. C. MacDonald and Mr. Winch and Mr. Gargrave, which ended with Mr. Winch suggesting the minister should bring in legislation to protect venture capital in the mining industry.

Mr. MacDonald said he believed this might be a good idea.

"Don't be so ridiculous," said Mr. Winch.

Later John Hart, Coalition, Victoria, and Mr. Anscomb disagreed over the powers of the province as set out in the Dominion-provincial tax agreement. This resulted in Mr. Winch winning a delay in action on two sections of the bill.

Neil Perry Leaves Washington For Post In Ottawa

BY HARRY HODGES
Editor of Times

OTTAWA—G. Neil Perry, 38-year-old Victoria-born economist and former advisor to Government of British Columbia, has resigned from the staff of the International Monetary Fund, Washington, D.C. in order to accept a responsible position with the Department of Finance here.

Leaving the provincial service of British Columbia in March 1947, Mr. Perry served as the senior Canadian economist in the United States-Canadian division of the International fund until last November, when he was loaned to the Dominion Department of Finance. Attached as economic adviser to the Canadian delegation attending the United Nations conference on trade, he participated in the final drafting of the charter establishing an international trade organization.

A graduate of Victoria College, the University of British Columbia and of Harvard, Mr. Perry joined the provincial service in 1934 as secretary to the former economic council. He was appointed first director of the Bureau of Economics and Statistics in 1938, and became economic adviser in 1945. A specialist in fiscal policy, as well as in international economic relations, he served latterly as an adviser in the protracted Dominion-Provincial negotiations which preceded the present tax arrangements.

Accompanied by Mrs. Perry and two-year-old Margaret Elaine, Mr. Perry will take up residence in Ottawa at 293 Island Park Drive. Mr. Perry's mother, Mrs. Agnes Perry, resides at 934 Empress Avenue, Victoria.

Tourist Camps Will Now Be Graded

Starting May 1, all resorts, auto courts and tourist motels in the province will be graded on a star basis by the Department of Trade and Industry, it was announced today by Ernest W. Evans, assistant commissioner of the B.C. Government Travel Bureau.

"We have been doing what we could to help the operators and now we are going to help the tourists," Mr. Evans stated.

All resorts and like establishments will be inspected and given a star grading on the quality of accommodation and service they provide.

"The grading will let the visitor know just what kind of accommodation he can expect," Mr. Evans noted. It will also encourage resort operators to improve their accommodation and services so that they might have top grading.

As another aid to this year's tourists, the travel bureau is publishing a new map of B.C., showing routes of all buses, railroads, steamships ferries and airplanes.

"While many tourists like to bring their cars with them so they can motor over the province, there are many others who come without transportation of their own. This map will be of great value to those in the latter group," Mr. Evans said.

REMANDED TO TUESDAY

Magistrate Hall remanded the accused to tomorrow to hear circumstances in today's charges and other cases against him. Tomorrow has been set for the day when all recent safe thefts and petty robbery cases will be heard or disposed of.

The cases before the court will probably clear up a big majority of the robberies which have been perpetrated in Victoria since the start of 1948, city detectives and police responsible for the apprehension believe.

Dates on this morning's charges Carlow pleaded guilty to are listed "on or about." Dates, names of owners and shop addresses follow: Feb. 23, Morris Feinstein, 768 Fort Street; March 20, Victor M. Clarke, 931 View Street; March 29, Emerson Michael, 3001 Douglas Street; Feb. 11, Commonwealth Construction Co. Ltd., 628 Hillside Avenue; Feb. 16, H. B. Ferris, 1113 Douglas Street; Jan. 31, Harry Gladwell, 971 Yates Street; March 20, Alex Irwin, 937 View Street; March 24, Horace Sims, 1205 Quadra Street; March 27, George Eade, 851 Cormorant Street, and March 24, Frank Jeffries, 1011 Government Street.

Proceeds from these robberies were small.

Pleads Guilty To Having Stolen Tires

Robert Edward Bellamy, Vancouver, pleaded guilty to a charge of having four stolen tires from Boulton (Victoria) Ltd. in his possession when he appeared again in city police court today. Magistrate H. C. Hall remanded him tomorrow for sentence.

Charge of stealing the tires, to which accused pleaded not guilty Saturday, was withdrawn and the charge of being in possession and knowing them to have been stolen was read against him.

Detective Fearon Woodburn, told of the tire theft from the firm last week and that they were found on the wheels of accused's car at an up-land point.

When Bellamy said he did not know at the time he secured the tires they were stolen property, Magistrate Hall said he would allow accused to change his plea to one of not guilty.

Defendant, however, declined to accept the offer. Asked if he had anything more to say, he said he would throw himself on the mercy of the court.

U.B.C. Bids Opened

Works Minister E. C. Carson today opened tenders for clearing and piling of University of British Columbia lands.

The bids were as follows: Art W. Woods, Abbotsford, \$8,925; W. D. Construction Company, \$14,700, and G. W. Ledingham and Co., Ltd., \$37,225.

Accidental Death Verdict Of Jury

Accidental death was the verdict of a coroner's jury which met this morning at McCall Bros. Funeral Home to investigate the death of Alfred Harrison, 39, who was killed Friday by rolling logs at a dump of the C.E.S. Logging Company at Jordan River.

Edward Lyons told the jury he and Harrison were unloading logs from trucks. One truck, he said, pulled up to the unloading platform and the cinch chains were removed from the logs.

"We were reaching with our pike poles, trying to get hold of the unloading line, when I heard a crunching sound and I saw two logs rolling off the truck."

"I jumped back to clear myself and then I heard the engineer call: 'There's a man under the logs.'"

The logs had rolled off the wrong side of the truck, Mr. Lyons went on to explain. He said he had been employed on this type of work for 11 years and had only known this to happen three or four times before in that period.

Harrison had worked on the job for two months, he said. In bringing in a verdict of accidental death, the jury suggested that in future the cinch chains should not be removed until the engineer is certain the logs will roll of the truck without being of danger to anyone.

Serving on the jury were: J. G. Thompson, foreman; W. C. F. Newcombe, George Coleman, William L. Stephenson, George Brewster and Darrell J. Mesher.

Three Ships Due

Three ships are scheduled to dock in Victoria and Cowichan Bay Tuesday to load Vancouver Island lumber for various parts of the world, according to Cecil Ridout, manager of King Bros. Ltd. shipping agents.

The U.S. freighter, Governor Kilby, will berth at Ogden Point docks to load 750,000 feet of lumber for the eastern U.S. and the Canadian freighter Harmac Crofton will also berth there to load 500,000 feet for the United Kingdom.

St. Lake Okanagan will dock at Cowichan Bay to load 300,000 feet for South Africa.

Funeral Notice

Members of the Pro Patria, Regent, Canadian Legion, and the Women's Auxiliary are requested to attend the funeral of our late comrade Horace W. Rowe, at Sands Mortuary Chapel, Tuesday, April 20, at 1:30 p.m.

Man Pleads Guilty To Entering 10 Victoria Premises

Robert N. J. Carlow, young Victoria man, entered pleas of guilty to 10 charges of breaking and entering city premises during the last three months when he appeared before Magistrate H. C. Hall in city police court today.

Eight of the charges were that he broke into the shops and committed thefts. In two cases he forced entry with intent to steal.

Carlow is also facing a manslaughter charge in the Nanaimo Spring Assizes in connection with the death of his cousin, William Smith, on a hunting trip last fall.

At the conclusion of his trial last week the jury disagreed and a new trial has been set for June 14. Insp. Robert Owens of the Provincial Police reports.

Carlow previously pleaded guilty to theft of the Stevenson's chocolate shop safe and he pleaded not guilty in connection with the safe theft from Ciro's Cafe.

Magistrate Hall remanded the accused to tomorrow to hear circumstances in today's charges and other cases against him. Tomorrow has been set for the day when all recent safe thefts and petty robbery cases will be heard or disposed of.

Three Ships Due

Three ships are scheduled to dock in Victoria and Cowichan Bay Tuesday to load Vancouver Island lumber for various parts of the world, according to Cecil Ridout, manager of King Bros. Ltd. shipping agents.

The U.S. freighter, Governor Kilby, will berth at Ogden Point docks to load 750,000 feet of lumber for the eastern U.S. and the Canadian freighter Harmac Crofton will also berth there to load 500,000 feet for the United Kingdom.

St. Lake Okanagan will dock at Cowichan Bay to load 300,000 feet for South Africa.

Funeral Notice

Members of the Pro Patria, Regent, Canadian Legion, and the Women's Auxiliary are requested to attend the funeral of our late comrade Horace W. Rowe, at Sands Mortuary Chapel, Tuesday, April 20, at 1:30 p.m.

I Like Monaseal

"I guess it's my economical nature. Monaseal LASTS LONGER on my walls and ceilings. Proves the old saying—the better the quality, the less it costs. Saves me time and work too... I'd rather do a good job with Monaseal because I know it will stay beautiful longer."

—From a 1948 survey.

JIM WEST SAYS

... About Socialism's Dilemma

Toughest public relations job I know is the one faced by our Socialist friends.

The Communists have adopted them.

Tim Buck tells the people: "First we'll have Socialism then, I hope, we'll have Communism." So he tells everyone to vote for Socialism, C.C.F. brand.

What makes the explaining so hard for the embarrassed Socialists is the fact that Socialism so often has prepared the way for Communism or complete dictatorship.

Most Socialists really want to have democracy and freedom. But they also want to have state control of finance (which means of everybody's enterprise and everybody's income), government ownership of the means of production, government ownership of so much, in fact, that the ruling clique of government must either take the power away from the voters and rule them completely or allow things to drift into such a mess with neither government nor private enterprise functioning that Communism can move in easily to fill a vacuum.

Socialist politicians don't like the new Communism embrace. To them, it's like the kiss of death!

Jim West

"Jim West Says..." is sponsored by the British Columbia Federation of Trade and Industry.

Montreal's Anti-Red Drive Sends 3800 Communists Underground

MONTREAL (CP) — Three law-enforcement agencies — federal, provincial and city police — have so cramped operations of Montreal's 3,800 Communists and fellow-travelers that the Red movement is fast disappearing underground, directors of the co-operative drive said at the weekend.

Raid after raid has produced a wealth of information. Police files are filled with lists of individual names and organizations, documents, leaflets and other publications and a mass of detail on Communist ramifications.

LEADERS TOTAL 100

The files themselves tell the story. Of the 3,800 Reds and sympathizers in the city, 1,800 are registered members of the Communist Party. Ringleaders, taking orders direct from Moscow, number about 100.

There are 33 organizations "fronting" for the Reds under innocuous names. Communist publications in 15 languages are circulated in Montreal from all parts of Canada.

The Communist ramifications have reached into 12 industrial

councils and trade unions in Montreal alone.

Toronto, not Montreal, is the body of the Red octopus.

The latest Communist propaganda campaign in Quebec province tells French-Canadians they will be conscripted for military service unless they take a determined stand. The literature points to steps in the United States toward universal military training and says Canada is preparing to act accordingly.

Police authorities said every branch is on the alert against subversive organizations, and more raids are in the making.

Only a few weeks ago the leftist weekly publication *Combat* was raided and closed under Quebec's anti-Communist padlock law.

More recently a Moscow-directed contact with Italian Communists was broken when police uncovered a lottery operating in behalf of the Red party in today's Italian elections.

Last Friday police raided two local branches of the association of United Ukrainian Canadians where Communist and anti-Canadian doctrines were being taught children.

Deadline Drawing Close For Filing Income Tax Forms

J. Slade Stevens, officer in charge of the Victoria Income Tax Office, reminded income taxpayers today that the deadline of April 30 was not far away and that his office was prepared to help taxpayers with their problems provided they did not leave their enquiries until the last week of April.

He advised income taxpayers to be sure they used the form required for their particular circumstances as the use of the wrong form would delay their final assessment and slow up their tax refunds if they were entitled to any such refund. He pointed out that salary and wage earners must use one of three forms. Those who had an income of over \$3,000 or investment income over \$1,500 must use the long white form known as the T1 General. Those with incomes less than \$3,000 including investment income of not over \$100, should be careful in making their choice between the shorter white form with the red border on the top known as the T1 Special and the new postcard size form known as the T1 Employees 1947. Which form to use can be determined by answering carefully on the back of the postcard size form.

OFFICE ASSESSMENT ON POSTCARD FORMS

Mr. Stevens also pointed out that those entitled to use the postcard forms are not required to make payment when they file their return. The assessment will be made by the Income Tax Department and the taxpayer advised by mail of the amount owing, together with a statement of the tax calculations. At that time, the taxpayer will be given 30 days to make payment of the balance owing after which the usual penalties will apply. Those taxpayers using the longer forms, T1 General or T1 Special, are required to make payment of the balance of the tax owing when they file their return.

Those Canadians engaged in farming have a new form for reporting their 1947 incomes. This form is specially designed for the farmer's use and it filled out section by section, will assure the farmer of obtaining all the deductions to which he is entitled and will guarantee that he pays only his just and fair share of the income tax.

Mr. Stevens hoped that taxpayers would remember a few tips that would avoid unnecessary complications and difficulties at a later date. Cash should not be sent through the mails and cheques or postal notes should be made out to the Receiver General of Canada to assure proper payment. As an unsigned return is no return, every taxpayer should take a last glance at his return and make sure it is signed. And, last but not least, the deadline is April 30 and penalties must be applied after that date.

John Garfield Turning His Profits Back Into Movies

HOLLYWOOD (AP) — John Garfield is getting a lot of free advice on his career these days and is promptly ignoring it all. "Everybody is telling me I should protect myself," he says. "They say I've just been connected with two hit pictures. I've

had an Academy nomination and a successful stage engagement. Now I should make a sure-fire box-office picture. I say nuts to that."

His duties as a producer haven't yet erased the dreamy glint in his eyes.

"I just finished playing four months in an experimental play, 'Skipper Next to God,' he declared. (He is reported to have earned a microscopic \$10 a performance for his services.)

"We put the play on because we thought it was worth trying. And we didn't do it on Broadway, where plays are supposed to be; we did it on 39th Street. Who says plays can't be done on 39th Street?"

DRAWS ANALOGY

He continued, drawing the analogy to Hollywood:

"The movies need something like the experimental theatre. People out here are afraid to take chances. They keep doing things in the conventional way. They 'protect themselves.'"

Far from seeking protection, Garfield is sticking his neck away out. He is showing his "Body and Soul" profits (estimate: \$600,000) back into his producing company for a new film, "Tucker's People," a story of the numbers racket. Not only is he gambling on an off-beat story, but he is giving writer Abraham Polonsky his first directorial chore. "Protect myself—how!" commented Garfield.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

CAN YOU STOP IN SPLIT SECOND?

Without warning, a young child dashes in the path of your car! Only a split second to avoid hitting him... you swerve... slam on the brakes and hope for the best! Even with good brakes, inches make the difference... but with poor brakes you haven't a chance.

For your own and other's safety, have your brakes checked today, by an experienced mechanic. If you need a complete brake lining job, get the facts on Johns-Manville Brake Linings. Tested both on the road and in the laboratory, J-M Brake Linings give you the best in stopping power.

There's a J-M dealer near you who can give you expert advice on brake problems. Contact your nearest J-M distributor, Jeffree & Jeffree Ltd., Victoria, for the name of your nearest Johns-Manville Brake Lining dealer.

Help Kidneys In 30 Minutes

If you suffer from Backache, Getting Up Night, Loss of Energy, Bladder Weakness, Burning or Itching Passages, Leg Aches, or Rheumatic Pains, due to Kidney and Bladder troubles, you should try Cystex. Within minutes Cystex usually starts relieving the kidneys, cleans out excess acids and irritating water which may be the real cause of your troubles. And this may quickly help you gain pep and energy—make you feel younger. Unpleasant Cystex quickly helps you satisfy your help from the pains and distress of kidneys and bladder troubles, simply return the empty package and you get your money back. You have everything to gain and nothing to lose, so don't suffer another day without asking your druggist for Cystex.

Spring Reflections

The benches around Goodacre Lake and the Dallas Road waterfront are well filled these spring afternoons as citizens relax after their strolls. In the above picture, Gar Dixon of the Victoria Camera Club shows some Victorians resting at the edge of Goodacre Lake. They find pleasure in watching the ducks and swans swimming idly on the lake.

Funeral Tuesday For Boat Builder

Funeral services will be held Tuesday-afternoon for Frank W. Morris, 70, west coast boat builder, who died at his home at 2842 Heath Drive Saturday afternoon.

A native of London, Eng., Mr. Morris came to Victoria in 1910 and is well known not only for his boat building, but for his model shipbuilding and model collection.

He leaves his wife and two sons, Frank of Victoria, and Charles of Tacoma. The funeral

services will be from Sands Mortuary at 3 Tuesday afternoon. Interment will be at Royal Oak.

M.L. 124 Continues Search For Mine

The Royal Canadian Navy's M.L. 124 today continued its search for a floating mine reported off the rugged islands, at the northern extreme of Vancouver Island's west coast.

M.L. 124 left Esquimalt Saturday afternoon under the command of Lieut. A. F. Rowlands, and accompanied by W.O. C. L. Corbett, mine disposal officer.

It's a Question of OUTLOOK

You'll never see a hobbyist looking like this for the simple reason that there's always something to occupy his mind. Have you ever considered a hobby for yourself and the members of the family? How jet propulsion creates employment for Canadians

The principle of the gas turbine has long been known but its most recent application to the jet engine is one of the sensational developments of our time. One of the main problems in these engines is to get metals to stand up under the intense heat and stresses involved.

Development work on the gas turbine is now world-wide. Much progress in design and development has already been carried out in Canada.

To stand up under the terrific stresses at high temperatures, the important parts of turbines, blowers and combustion chambers in the gas turbine are being made of Inconel, Stainless Steel and other Nickel alloys. Without such heat-resisting metals, these new type engines would not be possible.

The International Nickel Company is co-operating to the fullest extent with the technicians who are developing these

new engines, and placing all their technical knowledge regarding Nickel alloys at their disposal.

When these new engines are brought into volume production thousands of Canadians will be employed in making this entirely new source of motive power available to industry and transportation. This and numerous other present-day developments will provide new markets for Canadian Nickel, and so provide jobs for the thousands of men employed in the Canadian Nickel industry. Thus does research develop better products, create more employment.

Belgian Regent Talks With Premier During Ottawa Visit

OTTAWA (CP) — Prince Charles of Belgium left for home by air Sunday after a 45-hour semi-official visit to the Canadian capital.

The sandy-haired, 45-year-old Regent, met Prime Minister King Saturday for a 30-minute private talk which was not part of the official arrangements.

A spokesman for the Prime Minister, who was confined to his home with a cold, said the meeting was arranged at the request of the Prince.

During yesterday afternoon, after a luncheon given by Prince Charles at the Belgian embassy, Belgian Prime Minister Paul

Henri Spaak conferred with Mr. King at Laurier House. With them was External Affairs Minister St. Laurent. Their conversation, presumably about international conditions, lasted an hour.

Mr. St. Laurent was host to the Belgian visitors at the Minto Skating Rink Saturday night. During an intermission, the Olympic women's figure-skating champion, Barbara Ann Scott, was presented to Prince Charles by Mr. St. Laurent.

The Prince placed a wreath on the National War Memorial Saturday in tribute to the Canadian dead of the two world wars. As several hundred persons watched, he saluted during the playing of the hymn "Abide With Me." An R.C.M.P. band later played "O Canada and God Save the King."

The Prince, wearing the uniform of the Belgian army, was accompanied by Justice Minister Ilsley, acting for the Prime Minister, and Veterans' Minister Gregg.

DEMANDS COMMUNIST YOUTH BRIGADES DISBANDED — Vice Premier Randolph Pacciardi, cabinet chief in charge of public order during the Italian campaign in Rome, demanded that uniformed Communist youth brigades be disbanded, by force if necessary. He charged police have documentary evidence that brigades were being used illegally and were intended for violent action in the election campaign. Government sources said Pacciardi is scheduled to call his cabinet committee on public order into session this week.

Real Newsmen Used In 'Whispering City'

Although movie criticism is a generally placid profession, film reviewers frequently get exercise—and exercised—pouncing on inaccuracies in motion pictures. Most frequent target for their critical barbs are scenes showing newspaper offices filled with notebook-carrying reporters and similar incongruities.

Try as they may, critics will be unable to find fault with the newspaper sequences in "Whispering City," the Eagle Lion Films release coming today to the Plaza Theatre. Not only were the scenes photographed in the editorial offices and newsroom of a leading Quebec daily but the players themselves were all bona fide newspapermen.

CAPITOL THEATRE

One of the biggest explosions ever staged for a movie scene was filmed in Technicolor for "Tycoon," RKO Radio drama, now at the Capitol Theatre, starring John Wayne and Laraine Day. The site was a remote canyon on the Panamint side of Owens Valley.

More than a ton of explosives caused a gigantic rock fall, bring-

ing down a 1,200-foot face of a mountain to a depth, according to geologists serving as technical advisers, of 200 feet in some sections of the cliff. The story purpose of the big blast was to seal a railroad tunnel. Both TNT and dynamite supplied the "sock" to loosen the cliff face, while blasting "powder" was used to supply a more spectacular photographic effect of colored smoke and flash for the Technicolor cameras.

Child Actresses Offered Advice By Shirley Temple

By BOB THOMAS

HOLLYWOOD (AP)—Here are some words of advice to the new "Little Miss Marker" from the original one—Shirley Temple.

Receiving this counsel is a pert-faced, auburn-haired five-year-old from Pasadena named Mary Jane Saunders. Chosen from 2,000 girls to play in a remake of the Damon Runyon story, she has a chance of following in the fabulous Temple footsteps. Now a wife, mother and screen veteran ("Fort Apache" is her 34th starring film), Shirley was asked for her advice to Mary Jane.

"If her mother is like mine, she won't have to worry," said Shirley, who will celebrate her 19th birthday this month. "At so young an age, children don't think for themselves. They need wise mothers to keep them on an even keel."

"My mother saw to it that I led as normal a life as possible. My studio work was done like play. Mother explained the scenes to me, and I learned the lines for fun."

SHOULD BE SHIELDED

Shirley added that a child actress should be shielded from thoughtless grown-ups. "She shouldn't be allowed to hear many compliments about her work," the star advised. "Children are apt to become 'smarter' if that happens."

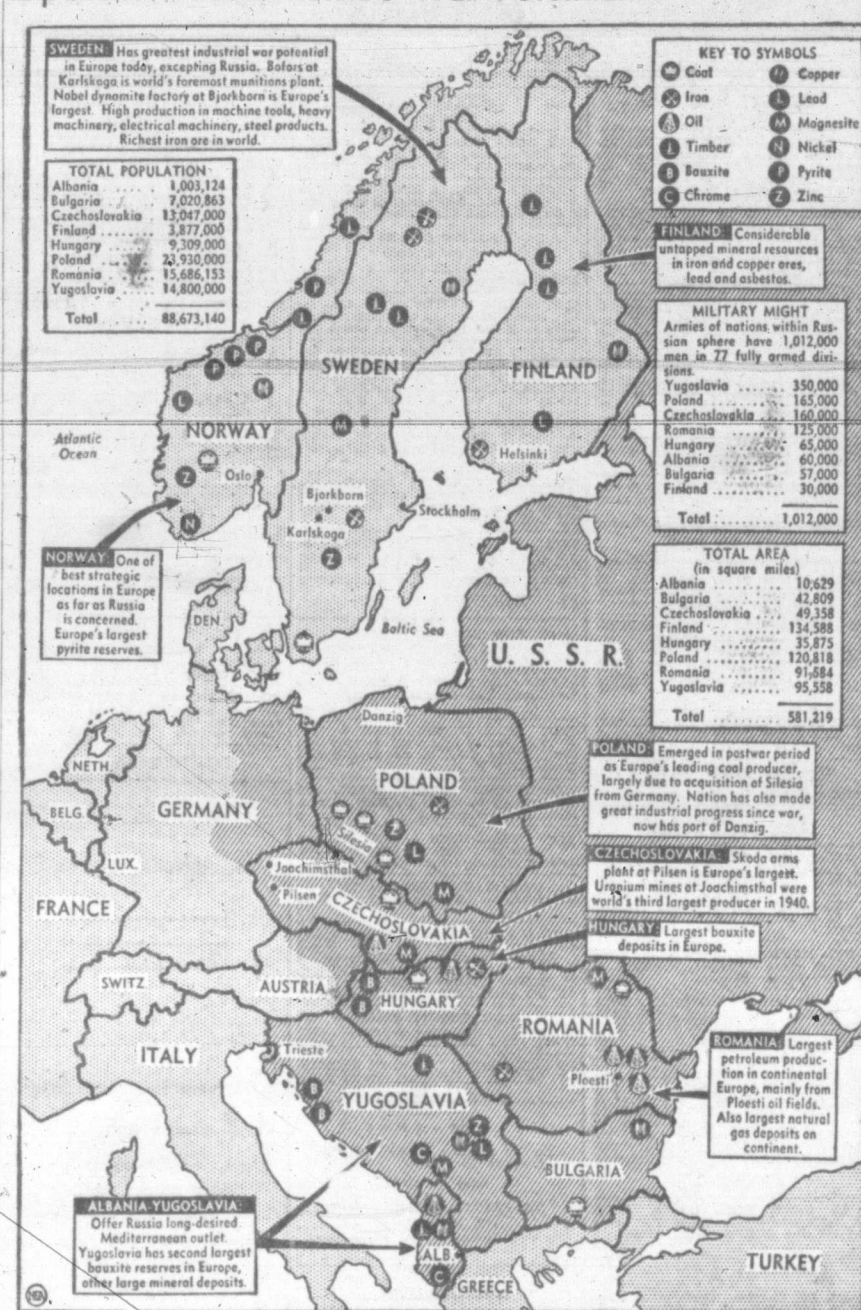

She illustrated with examples of how not to treat child performers. She recalls seeing another youngster who was testing for the "Marker" role. Her mother was slapping and beating the girl in a dressing-room to work up emotion for a tearful scene.

HORRID EXAMPLE

She remembers another horrid example—when a brainless director contrived to get Mrs. Temple off the set for a little while. Then, in order to get Shirley in an emotional state, he said her mother had just been maimed in an auto accident. Shirley was hysterical and her mother was furious when she returned and uncovered the hoax.

"Every director has his own idea of child psychology," the actress told me. "This one didn't know that I could turn on the

Expansion Boosts Russia's War Potential

Map above shows the tremendous natural, industrial and human resources that have been added to Russia's war-potential by its control, through military aid pacts, of satellite countries. Also shown are resources of Scandinavian countries, which lie under shadow of further Soviet expansion. Russia and its "Iron Curtain" satellites are shown in diagonal shading.

tears at will, merely by making my mind blank and wanting them to come." Even though she has been a film star since she can remember, Shirley is a normal young woman. I imagine that's all the thanks that Mrs. Temple desires.

'Golden Earrings' On Atlas Screen

In addition to making his motion picture debut in Paramount's "Golden Earrings," Murvyn Vye also sings a haunting Hungarian gypsy refrain in the role of Zoltan, dynamic Zigeuner leader who clashes with Ray Milland for the affections of Marlene Dietrich.

"Golden Earrings," directed by Mitchell Leisen, arrives today at the Atlas Theatre.

'Crime Of Century' Mystery Drama

Stephanie Bachelor, tall glamorous actress whose latest screen role is in Republic's mystery drama, "Crime of the Century," which comes to the Rio Theatre today, is a favorite of Hollywood clothes designers. Tall and svelte, she has no bad features to conceal, and her days as a model have given her the perfect "clothes pose" so necessary to the wearing of sophisticated and dramatic designs. Republic's top designer, Adele, supervised Miss Bachelor's wardrobe in "Crime of the Century."

Claim Vancouver Dog Show Fixed

VANCOUVER (CP)—Bracken's Dynamite and Brignall's Gringo took top honors in week-end field trials here.

Bracken's Dynamite, owned and handled by Keith Coughlan of Vancouver, won Pacific Coast Retriever Association field trial Saturday. The dog contest was marred, however, by cries of "fix" and protests over the type of tests given the dogs.

One of the handlers claimed he had learned dogs had been training on the grounds for two weeks before the trial. Brignall's Gringo, owned by Clifford Brignall, Long Beach, Calif., and handled by Roy Gonla, won Sunday's all-age stake.

HOUSING DOESN'T STUMP HIM—Peter Bilecki, a 54-year-old Polish refugee, beat the housing shortage by building his home in the stump of a once-mighty cedar tree in Sedro Woolley, Wash. His makeshift dwelling has two windows, a door, a stove and a combination bed and chair. He raises his food on a plot he reclaimed from a swamp.

R.C.S.C. To Take Official Exams

Official examinations for Royal Canadian Sea Cadets will begin this Friday, according to orders for the week issued by Lieut. Cmdr. C. R. Powell, commanding officer of R.C.S.C. Rainbow. Ship's company will parade at headquarters at 7.30.

Lieut. Cmdr. Powell also announced that April 30 will be the last date that recruits will be accepted for this season. Any boy over the age of 14 years and five

feet three inches in height and wishing to join is asked to report to Rainbow Friday evening.

War Bride Becomes New Film Starlet

The first war bride to get a break in motion pictures is lovely Jean Gillie, a sultry blonde, with a low Garbo-like voice.

Although she is a newcomer to

films, Miss Gillie was well-known on the English screen before she married Jack Bernhard, an officer in the American Air Force, and followed him on a war bride ship.

Co-starring in "The Macomber Affair," at the York-International Theatre, are Gregory Peck and Joan Bennett with Robert Preston.

PATTERSON-YOUNGER—On Saturday, April 17, 1948, at 8 p.m., in St. Stephen's Church, Mount Newton, B.C., by the Rev. W. A. Younger, the marriage of Joseph Patterson, only son of Mr. and Mrs. J. A. Patterson, 1111 W. 12th Street, to Betty Younger, youngest daughter of Mr. and Mrs. Younger, Brentwood Bay, B.C.

TANNER-GROVES—The marriage is announced of Mary Patricia Groves, daughter of the late Mr. and Mrs. Fred Groves, Vancouver, B.C., to Samuel Edwin Tanner, son of Mr. A. M. Tanner and the late G. W. Tanner, Victoria, B.C. The ceremony took place on Saturday, April 17, 1948, at 3 p.m., in First United Church, Rev. W. G. Wilson officiating.

DEATHS

CAREY—At Sidney, B.C., on April 16, 1948, Albert Brock Carey of 408 Douglas Street, aged 81; born in Goderich, Ontario, a resident of California for 45 years and of British Columbia for the past 10 months. He leaves his wife, in Victoria, and a brother, Eugene Carey, in Winnipeg, Man. Funeral from chapel at Royal Oak Burial Park on Tuesday at 11 a.m. Cremation.

HARRIS—At the home of his son, Seaview Street, on April 16, 1948, Mr. Peter Harris, aged 89 years, born in Glasgow, Scotland, and had been a resident of Victoria for the past 29 years, late residence, 117 Cook Street. Survived by his wife, Dorothy, one son, Allan of Chalmers, and two daughters, Mrs. M. J. Harris, 117 Cook Street, and Mrs. H. J. Harris, 117 Cook Street.

CUNNINGHAM—At the home of his son, Seaview Street, on April 16, 1948, Mr. Peter Cunningham, aged 89 years, born in Glasgow, Scotland, and had been a resident of Victoria for the past 29 years, late residence, 117 Cook Street. Survived by his wife, Dorothy, one son, Allan of Chalmers, and two daughters, Mrs. M. J. Harris, 117 Cook Street, and Mrs. H. J. Harris, 117 Cook Street.

HARRIS—On April 16, 1948, at Jordan River, V.I., suddenly, Clarence Albert Harris, aged 89 years, late residence, 117 Cook Street, survived by his wife, Dorothy, one son, Allan of Chalmers, and two daughters, Mrs. M. J. Harris, 117 Cook Street, and Mrs. H. J. Harris, 117 Cook Street.

CHUBBAGE—Passed away at the St. Joseph's Hospital, on April 16, 1948, Harold William Chubbage, late residence, 117 Cook Street, survived by his wife, Dorothy, one son, Allan of Chalmers, and two daughters, Mrs. M. J. Harris, 117 Cook Street, and Mrs. H. J. Harris, 117 Cook Street.

EVERYBODY'S GOING DANCING at the Prince Rupert House, April 28, at 1:30 p.m. Interment in the Royal Oak Burial Park.

FUNERAL DIRECTORS
